## Annual Report of the Board of Selectmen.

---

The Board organized on March 3, 1936, Mr. Hayes being unanimously chosen Chairman. The close of the year witnessed the completion of Medway Street, under State and County aid, and Purchase Street construction begun. An allotment has been made for 1937 by the State and County to finish this street to the Middlesex County line at Hopkinton, thus connecting Milford with other places in all directions by a system of modern, improved highways.

The second major project brought to Milford the P.W.A., viz., the construction of the Imhoff-Trickler Plant at the Sewage Disposal Plant, was finished. By Federal grants, the cost to the Town was reduced to about \$54,000.00 out of a gross cost of \$122,000.00. Therefore, the Town by this single project has secured a modern sewage disposal plant, capable of meeting the people's needs for years to come, and ended the continual complaints brought by the State Board of Health on account of the pollution of the Charles River.

The W.P.A. projects, as in 1933, 1934 and 1935, under the C.W.A. and E.R.A., have been continued in operation throughout 1936. A detailed statement of this work is found in the Report of the Co-ordinator. Through the generosity of the tax payers, the Town has yearly appropriated sufficient money to supply the materials necessary to keep the W.P.A. workers at work. As a result of this, and the return to industry of some recipients, the cost of Soldiers' Relief in 1936 was reduced to \$12,162.47 as against \$13,135.75 in 1935.

The chief defect in W.P.A. is the lack of local control in the selection of the workers. We have attempted to straighten out the injustices that have arisen in the selection of the workers by having actual relief cases, with dependents, restored to the rolls. We join with the Mayors and Selectmen throughout the state in the present movement to give to the muni-

cipalities the power of placing the workers, as local officials know local needs. The present Governor has taken up this appeal, and favorable action is hoped for in the near future.

The details of the work falling upon the Board of Selectmen are increasing yearly, requiring special meetings weekly and numerous hearings and conferences with Town Departments and outside parties.

### **Recommendations**

**Traffic**—Notwithstanding the fact that a uniform set of traffic rules were legally adopted by the Board, January 2, 1934 (approved by the Department of Public Works, January 23, 1934), and subsequently amended May 29, 1934, December 10, 1935, and April 21, 1936, the traffic situation still continues to be the source of many complaints. Exchange Street congestion could be remedied by reducing the width of the sidewalks, thus widening the roadway; and we have asked the engineer, having charge of W.P.A. projects, to prepare specifications therefor.

Section 6, Article 4 of the Traffic Rules, prohibits parking on the north side of that street. In the meantime, if that Section were enforced Exchange Street congestion would be much simplified.

There have never been any time limit restrictions for parking on any Milford street. Merchants and others complain that motor vehicles are parked in front of their premises throughout the entire day, overnight in many instances, and one merchant complains of a motor vehicle left in front of his store from Friday night to Monday morning.

Most progressive large towns have a parking limit of one hour on the principal streets during business hours, and enforce it. We see no reason why such a rule should not be in operation here, because experience has proven that the present unlimited parking rule is grossly abused.

Section 9 of Article 4 of the Traffic Rules provides that vehicles shall park with both right wheels at least one foot from the curb (except on certain streets where angular parking is permitted). Complaints have been received of continual violations of this rule. If this Section were enforced, double parking would

cease and many of the present tie-ups would be avoided.

We recommend that the Traffic Rules, as thus amended, be printed in convenient form for the use of the public and that an appropriation be made therefor at the next Annual Town Meeting.

**Street Signs**—We wish publicly to commend the Lions Club for undertaking a program of providing streets signs at Main Street intersections.

We recommend that if these signs are constructed, the plan be continued at Town expense so that eventually all streets will be uniformly marked. At the same time, to avoid existing confusion, the changing of the names of certain streets should be considered, first giving public notice to the abutters on those streets of the proposed changes.

**Town Zoning**—In 1934, a Committee was appointed by the Selectmen under Acts of 1933, Chapter 269, for the purpose of recommending the original establishment of districts, regulations and restrictions with respect to the number of stories and size of buildings and structures, their location and use for trade, industry, residence or other purposes, the alteration or use of such buildings and the prohibition of noxious trades. To date nothing has been done.

Recent alterations in certain buildings on Main Street, where the Town's most valuable land is located, emphasized the necessity of this Town securing the benefits of this legislation. Moreover, continual applications are received for the construction of gasoline stations in all parts of the Town, irrespective of their residential character or their proximity to schoolhouses or churches. Obnoxious trades are conducted under the very windows of private homes, leaving the adjacent land owners to their private remedy at law.

Under the Statute, the Selectmen have the right to originally establish these districts, restrictions and regulations after a public hearing and a final report, with recommendations submitted by a Zoning Board appointed by the Selectmen. It is our purpose to appoint such a Zoning Board, the personnel of which is to consist of a fire insurance agent, a building contractor, a real estate owner and an architect, who,

with the Chief of the Fire Department and the Town Counsel, shall constitute the Board.

In order that this Zoning Board may promptly start work, it will be ordered to submit its final report with its recommendations on or before July 1, 1937, and we recommend that the Board be given funds with which to function, the sum of \$100.00 to be asked for at the Town Meeting.

**Sidewalks**—The steady occurrence of accidents to pedestrians on sidewalks, alleged to be caused by defects, is serious. As soon as one case is disposed of, a new one takes its place. While many miles of concrete sidewalks, with granite curbing, have been constructed under W.P.A., many streets have not as yet been touched. The utility and fine appearance of the cement sidewalks with the granite curbing cannot be improved upon. We are informed that about a half-mile of sidewalk at a uniform width of five feet can be constructed for about \$5,000.00.

We recommend that a program of sidewalk construction be commenced and an appropriation of \$5,000.00 annually be made, with the restriction that only cement sidewalks with granite curbing be constructed, the same to be done under the supervision of the Highway Surveyor. If this program is continued through a series of years, eventually the Town will have a fine system of sidewalks upon all its available streets.

**Cedar Swamp Pond**—It is to be regretted that this property now owned by the Town could not be developed under a Federal project. A complete history of this undertaking is found in the 1936 Town Report. Nevertheless, at the present time, estimates and plans have been prepared upon which improvements to this property could be made and the general nuisance there existing be abated.

We recommend that the general charge and supervision of this undertaking be given to a board composed of citizens interested in the project, and we are arranging for the insertion of an Article in the Town Warrant for the creation of such a commission.

With the available data at hand, it is entirely feasible for the Town to do part of the work each year in clearing up the pond property, dividing the cost over

a series of years, and eventually giving the townspeople some benefit from its purchase.

**Excess and Deficiency Account**—In 1936 this account reached the sum of \$244,741.08. It was derived from an accumulation of unexpended balances, general Town income and general appropriations not spent. In 1936, \$23,000.00 of it, with the consent of the State Director of Accounts, was used to supplement the W. P. A. materials account, the School Department and the Police Department.

This year, we recommend that the Assessors apply to the State Director of Accounts to use as much of it as is possible for the purpose of reducing the tax rate. The money thus secured from this account will diminish the amount to be raised from current taxation.

**Care of Improvements Made Under W.P.A.**—Many of the improvements done under W.P.A. projects, such as Godfrey Brook, Charles River, Hayward Street dump, etc., should be of permanent value to the Town and result not only in the saving of Town money, but also be of beneficial use to the townspeople. It should be the business of some department to exercise supervision over these projects, keep them in repair and properly protected. The logical department to do this is the Street Department, under the supervision of the Highway Surveyor.

We recommend that a sufficient appropriation be made for the care and maintenance of these projects, the same to be used under the supervision of that Department. Such a program should require the periodical cleaning out of the brook and river, fencing in and beautification of the reclaimed dump and other properties, and in general a uniform development of them so that benefits from these improvements may be preserved.

Respectfully submitted,

LYNDHURST A. MacGREGOR,

## Report of the Highway Surveyor.

---

To Voters of the Town of Milford:

I hereby submit my report as Highway Surveyor of the Town of Milford for 1936.

The General Appropriation for this department for 1936 was \$21,000.00 and I am not asking for any increase this year. I do, however, wish to inform the voters that the appropriation should be increased as soon as the financial condition of the Town will permit. As the present amount merely allows sufficient funds to keep the highway in a passable condition and were it not for the payroll assistance the personnel of the department receives from working on Chapter 90 projects I would be unable to carry on.

My sidewalk appropriation has been eliminated the past few years and while the Federal Funds continue for sidewalks projects I will not ask for an appropriation. I will continue to try and patch the walks where necessary, with funds from the General Highway fund.

The appropriation for oiling the streets in 1936 was \$3,500.00 and I will request a like amount in 1937. Though this amount is far from sufficient funds to keep our Town roads in good condition. It merely enables me to resurface a portion of the street each year. Whereas practically all our town surfaced roads should be treated yearly.

The appropriation for the removal of snow, in 1936, was \$18,000.00, of which I expended \$17,507.00. I am requesting the exact amount in 1937, although it is impossible at this time to determine what the cost of snow removal will be.

From my funds for new equipment I purchased a new tractor sidewalk plow, and I am sure the voters will be well pleased with the performance of this plow, as it should replace at least three horse-drawn plows, and do it more satisfactorily. There are several narrow sidewalks, however, that I will not be able to plow with the tractor. But I am sure we will be able to

keep the principle walks to the stores and factories open for travel at all times.

I completed the construction of Medway Street this year to the Medway Town line. The portion completed this year was from a point near Beaver Street to the Medway line, 1850 feet in length and 24 feet in width.

I started the construction of Purchase Street, in the late fall of this year, and was able to complete the excavation and drainage and considerable of the graveling from a point near the residence of Senator P. Eugene Casey to Dilla Street.

This road is thirty feet in width with a five-foot sidewalk on either side with granite curbing, and when completed will be a wonderful improvement over the old roadway. And I urge the voters to continue the construction of Purchase Street, until it is constructed to the Hopkinton line, and that this department will have charge of Chapter 90 Construction in conjunction with the Honorable Board of Selectmen, or at least until such time as my appropriation may be increased.

Respectfully submitted,

EDWARD C. BEAULAC,  
Highway Surveyor

## Town Accountant's Report.

---

To the Honorable Board of Selectmen and Voters of  
Milford:

Herewith I submit my annual report of the financial transactions of the Town of Milford for the year ending December 31, 1936.

Included is a detailed report of the receipts from all sources of income, a detailed report of the expenditures of each Department and Account, a Recapitulation and Estimate table showing the Appropriations, Receipts and Transfers, Expenditures, Balance December 31, 1936, and the estimated cost as submitted by each Department for the coming year. Included also is the usual Balance Sheet, a table showing the salaries paid Town Officers and also a detailed summary of the Net Funded or Fixed Debt of the Town.

I wish at this time to thank all the Departments for their cooperation during the past year.

Respectfully submitted,

MICHAEL J. HANNIGAN.

Town Accountant

## Report of the W. P. A. Co-ordinator.

---

To the Honorable Board of Selectmen and Citizens of Milford:

It is my privilege to present to you my third annual report of what has been accomplished in Milford during 1936 under the Works Progress Administration, with Federal Relief funds, and the town's appropriation as an auxiliary to the government's grant for the relief of the unemployed.

The Federal Government's W.P.A. paid in wages alone in Milford last year \$196,153.60—an average weekly payroll of approximately \$3,772.20. In addition it paid for all trucks on Farm to Market roads, and for all trucks and materials on the State Sidewalk and Roadside Beautification Projects, these items adding several thousand dollars more to the funds given to Milford residents. All of this money was paid in Milford and spent in Milford, and must have had a stimulating effect on the retail business of the community. This money was made possible through the generosity of Milford voters in providing an auxiliary appropriation to purchase supplies, etc., and to cooperate in the government's program to give work to respected citizens who otherwise would have been driven to the town's welfare rolls, with a corresponding jump in appropriations and tax rate.

During the past year a total of 461 persons were on the W.P.A. The largest number in any one week was 410, and the average number for the year was 380.

Social Service workers from the Worcester District Office have been in Milford for the past several weeks, checking financial and other conditions in regard to the workers. Their visit followed a re-registration ordered last September by state W.P.A. officials of all workers and applicants for work.

Hiring of all workers is still being done at the Worcester district office. No one in Milford has the authority to hire anyone, and this works to the disad-

vantage of all, as local officials certainly should have a clearer conception as to who should be given work than officials in a distant office. These rules are made in Washington, however, and can only be changed by the national officials. There are rumors that in the near future the hiring of workers will again be turned over to the individual communities, but this still remains only a rumor.

On all major items purchased by the town, sealed bids were received, and opened in public meeting by the selectmen. The low bidder in every case received the award.

From the start of government relief work, late in November of 1935, to January 1, 1937, Federal expenditures in wages alone in Milford totalled \$574,550.90. In addition many thousands of dollars were received for supplies, truck hire, etc., as well as material for the sewing hall, and food supplies at the commissary on Central Street. The wages were as follows: C.W.A. (1933-34), \$165,549.08; E.R.A. (1934-35), \$201,760.23; W.P.A. (1935), \$11,087.99; W.P.A. (1936), \$196,153.60.

The detailed financial report of the town's appropriations for W.P.A. activities is as follows:

Work done last year included: New concrete sidewalks, with curbing, catch basins, etc., on West Myrtle, Congress, Poplar, South Main, South Bow, Grove, Water, Central, Jefferson, Cedar, North, Free, Meade, West Pine, Granite, Hayward and Mt. Pleasant Streets, Park Terrace and Parker Hill; completed the remodeling of the South Main Street fire station; walling of O'Brien and Godfrey brooks; remodeling warden's quarters at Town Infirmary; regraveled and widened Beaver Street; erected over 800 cubic yards of wall at rear of houses on Pond Street to protect property from floods; laid a trunk line and two branch lines of concrete pipe, a total of 1300 linear feet, at the Hayward Street dump, which is now being filled in and will be converted into a playground; repainted and redecorated the interior of the old High School building from cellar to roof; conducted a WPA Nursery School for 25 children at the Plains School building; continued giving employment to nearly 50 women manufacturing various garments for the needy; continued our quarry curbing cutting project; put in modern lavatories in the Plains School building and redecorated same; conducted a canning project for a short time; kept six WPA workers compiling and recataloguing back town records in various offices; had 80 men working on state sidewalks and roadside beautification on Prospect, Elm and lower East Main Streets; a group of 20 Milford young people on the National Youth Project, cleaning parks, dumps, etc., and assisting in town office work; erecting and supervising a hockey rink, and many other projects of a minor nature.

Recently, after many delays, work was begun on the new World War Memorial Honor Roll on Draper Park. The site for this memorial was selected by a committee appointed by the town for that purpose. The memorial will be of Milford pink granite, with bronze tablets bearing the names of all Milfordians who participated in the World War. Any World War veteran, whose name does not appear on the present honor roll, should notify the American Legion, V. F. W., or the undersigned, as soon as possible, to ensure no omissions when the new tablet is cast.

Other projects now in operation include: Excavation and laying of pipes, constructing manholes, etc.

on Columbus and Genoa Avenues, Union Street, Madden and Della Avenues; construction of new foundations and concrete slabs on bridges on West Walnut and West Spruce Streets; removal of trees; destroying gypsy and brown-tail moths; sewing; filing; engineering; repairs at state armory; cutting street curbing at town quarry, etc.

At this writing, January 9, several other projects have received approval of the district officials at Worcester, and will undoubtedly be in operation before this report reaches the voters. Among these are the remodeling of Dewey Hall into additional offices for town officials, some of which are demanded by state authorities; grading and constructing of dry wells and drainage at the Plains school group; painting exterior trimmings at High School; landscaping, drainage, concrete walks and drives about the new High School; continuation of walling brooks; new bridges of reinforced concrete on Water, Beach and other streets; and in the spring resumption on a big scale of our construction of concrete sidewalks in various sections of the town—a type of work that was especially mentioned in a radio broadcast some time ago by state officials as among the finest projects in the state. The finished sidewalks speak for themselves—contributing greatly to the appearance of the thoroughfares and the safety and comfort of pedestrians. They are a permanent and lasting improvement, and the selectmen feel that with an ample appropriation granted at the March town meeting, every effort will be made in the spring to concentrate on building an even greater number of such walks during the coming year.

Fifty-six projects were submitted in 1936 for approval at the district office. Of these 22 were completed, six were cancelled, six were discontinued until spring, 11 are now in operation and 11 are awaiting assignment of workers by the district office before they can be started.

In conclusion, I wish once again to publicly acknowledge with deep appreciation the kindly, helpful cooperation that has been tendered me by the members of the Board of Selectmen, whose time and experience were given me without stint and uncomplainingly throughout this entire program; to the Town Solicitor,

department heads, W.P.A. engineers and supervisors; to the fire department for courtesies of sounding an alarm on paydays; to officials of our public utilities, (water, light and telephone), for their co-operation in moving poles, etc., and to many private citizens for their helpful suggestions. We have a vast program for the coming year, and town officials and the undersigned promise the voters the best we have in us to give to Milford the best possible results and to confine W.P.A. work to worth-while projects that will bring credit to us all during the years to come.

Respectfully submitted,

FRED J. COLEMAN,  
W.P.A. Co-ordinator

On September 1, 1936, Mr. John T. O'Brien, Almoner since April of 1928, resigned to accept a position as Head Social Worker in the State Department of Public Welfare, Bureau of Old Age Assistance. Mr. O'Brien entered the service of the Local Board of Public Welfare nine years ago as their first Almoner.

This Department, upon receiving Mr. O'Brien's resignation, voted that his resignation be accepted, and that the Chairman be directed to convey to him the committee's regrets and wish him success.

On September 2, 1936, Mr. William A. Dugan was appointed Almoner of this Department.

The problem of Old Age Assistance presses for solution today. Attention has been focused upon it by various national plans and programs, and, because of its importance the law was changed on September 1, 1936, reducing the age from seventy years to sixty-five. It was then necessary to appoint an additional clerk for this Department. Miss Rita C. Duddy was appointed as clerk of the Old Age Assistance Department.

In conclusion; the Board of Public Welfare and its Almoner wish to extend their appreciation to the employers, for their cooperation in the employment of needy persons; the treasurers of the local banks and

insurance companies for information given us upon request.

Respectfully submitted,

JAMES L. AHEARN, Chairman  
CHARLES R. RIZOLI,  
CHARLES V. TOUHEY.

## Report of the Board of Health.

---

To the Honorable Board of Selectmen and the Taxpayers of Milford:

The Board of Health respectfully submits its annual report, together with the reports of its various appointees, for the year ending December 31, 1936.

The Board of Health, for the year 1935, consisted of J. Curtis Nutter, Chairman; James Cervoni; Arthur J. Chambers and Miss Phyllis Moran, Secretary. In March J. Curtis Nutter was re-elected for a three-year term. The Board of Health reorganized with James Cervoni, Chairman; J. Curtis Nutter and Arthur J. Chambers. J. Curtis Nutter was appointed Secretary.

The following appointments were made by the Board of Health: Meat and Provision Inspectors, Jeremiah Macchi and D. Benjamin F. Hartman; Sanitary Inspector, Walter Chapin; Health Nurse, Miss Helen M. Murphy; Physician, Dr. Francis H. Lally; Dentist, Dr. William J. Clancy; John H. O'Grady, as agent to issue burial permits. Mr. Charles J. Ferranti remained as Plumbing Inspector.

The Board of Health in January held its first Tuberculosis Consultation Chest Clinic at its newly acquired rooms at 159 Main Street. This was caused by the Milford Hospital's failure to allow the Tuberculosis Clinic to be held at the hospital as in the past several years. On the morning of November 18, 1936, a fire in the building where the Board of Health had its rooms caused considerable damage to the office furniture, Dental Equipment, but very little to the records. Dr. Clancy continued the Dental Clinic at his own office, while Miss Murphy, the Nurse, secured a room at the St. Mary's School, for her files and Records, which was greatly appreciated. The Board of Health then held its meetings at the office of Dr. Clancy. The December Tuberculosis Chest Clinic was not held because of the fire.

The Controversy over the Plumbing Inspector's Post caused considerable comment and was brought before the Courts of this Commonwealth which lasted several months. In December, 1936, The Supreme Court of the Commonwealth of Massachusetts handed down the following decision, which upheld the previous appointment made by the Board of Health, with Mr. Charles J. Ferranti as the Permanent Plumbing Inspector of Milford.

The following is a copy of the decision made. Lummus, J.

This is a petition for a writ of mandamus to try title to the office of plumbing inspector of Milford. *Sevigny v. Russell*, 260 Mass. 294. *Parrott v. Plunkett*, 268 Mass. 202, 205. *King v. Mayor of Quincy*, 270 Mass. 185. *Mansfield v. O'Brien*, 271 Mass. 515. *Wardwell v. Leggat*, Mass. Adv. Sh. (1935) 1845. *Coleman v. Louison*, Mass. Adv. Sh. (1936).

The respondent Higgiston held the office for years. It is within the classified civil service by virtue of the acceptance by the Town on May 22, 1911, of the provisions now contained in G. L. (Ter. Ed.) c. 142, S. 2, 11, 12. The compensation is on an hourly basis. On March 14, 1935, in order to be eligible as foreman on a Federal project, Higgiston asked the Board of Health of Milford for leave of absence as plumbing inspector, and was given "an indefinite leave of absence not to exceed the limitation of the law governing the same", beginning April 1, 1935.

On October 10, 1935, the board of health elected the petitioner Ferrante plumbing inspector, to take office on October 16, 1935. This was within two weeks after the last certification of names therefor, which was on October 2, 1935. Although no notice of the appointment was given to the commissioner of civil service within two weeks after the certification, as required by Rule 13, paragraph 2, of the Civil Service Rules, the letter of the commissioner dated October 30, 1935, amounted to a ratification of the appointment under that rule. If there was a vacancy on October 10, 1935, the petitioner Ferrante is entitled to the office. The question is, whether a vacancy then existed.

On October 12, 1935, Higgiston notified the board of

health that he would resume his duties on October 31, 1935. He did not do so. On November 7, 1935, the board of health voted to grant Higgiston "An indefinite leave of absence not to exceed the limitations of the law governing the same," beginning October 1, 1935. On January 31, 1936, he notified the board of health that he would resume his duties as plumbing inspector on February 1, 1936. Since that time, both Higgiston and Ferrante have claimed the office. On the foregoing facts, a single justice ordered the writ to issue against Higgiston, and he alleged exceptions.

In *Dunn v. Commissioner of Civil Service*, 279 Mass. 504, an officer who, under leave of absence, ceased to work for three months, was held "separated from the service without fault or delinquency on his part" within Rule 23, paragraph 2, of the Civil Service Rules, with the result that he had merely certain preferential rights to certification and a possibility of reinstatement. Reinstatement is not of right, but requires concurrent action of the appointing officer and the commissioner of civil service. *Skold v. Chief of the Fire Department of Cambridge*, 266 Mass. 513. The decision in the *Dunn* case was affected by St. 1934, C. 207 (G. L. Ter. Ed. c. 31, S. 46 E), only to the extent that a leave of absence for a period less than six months is not now deemed a separation from the classified civil service.

Even if the words "not to exceed the limitations of the law governing the same", in the grant to Higgiston of an indefinite leave of absence, be taken to limit the leave of absence to a period somewhat short of six months, in view of St. 1934, C. 207, Higgiston neither resumed work nor obtained a further leave of absence until considerably more than six months after he ceased to perform his duties on April 1, 1935. He became separated from the service, and never was reinstated under the rule. His temporary performance of duty during a small part of his period of absence, as the agent and delegate of the temporary plumbing inspector appointed to hold office during that period, was not the resumption of his office.

Exceptions overruled.

### REPORT OF DENTAL CLINIC

To the Honorable Board of Health:  
Gentlemen:

The Dental Clinic was operated under rather unusual conditions during 1936. In February, we moved to the Board of Health offices, at 154 Main Street, and, when everything was going smoothly, we were again forced to move when the quarters were destroyed in the fire which gutted the building. Since that date, November 18, the children were taken care of at my own office.

All the dental furniture and operating equipment were shipped into the S. H. Reynolds Co., Boston, and has been repaired, replaced where necessary, and re-finished. It has just been set up in the new Board of Health suite at 129 Main Street, and undoubtedly makes one of the finest and most attractive Dental Clinics in the state. We were able to do this by virtue of a very fair adjustment on the insurance covering our losses, and contracted for the renovation in anticipation of the appropriation of this insurance settlement to the Board of Health and Dental Clinic departments at the next meeting of Town members.

The record of operations, attendance, and income for the year ending December 31, 1936, is as follows:

### Record of Operations

Extractions—Deciduous teeth	648
Extractions—Permanent teeth	19
Treatments	499
Fillings—Deciduous teeth	292
Fillings—Permanent teeth	302
Prophylactic Treatments	267

### REPORT OF BOARD OF HEALTH NURSE

To the Honorable Board of Health:  
Gentlemen:

I hereby submit my report as Board of Health Nurse for the year of 1936.

#### Parochial Schools

St. Mary's and Sacred Heart  
Total enrollment of both schools 1026

Early in the school year, all the pupils are given a physical inspection by the Board of Health Physician. At this time, notices are sent home to the parents, referring any physical defects that may need medical attention to their family physician, as it has been often found that a child's failure to make good progress in school was due to the presence of various physical defects.

The following are the defects noticed and corrected since September, 1936:

	Defects	Corrections
No. of Dental	360	208
No. of Nose and Throat	160	42
No. of Vision	25	13
No. of Speech	3	2
No. of Miscellaneous	10	0

At this time, I would like to thank the committee in charge of the Dr. Curly Free Bed Fund for allowing us the privilege of having four children's tonsils removed this summer, and also the Milford Lions Club for their generosity in allowing us to have eleven children's eyes examined and nine children provided with eye glasses.

### Communicable Diseases

With the continuance of Health education, and the increasing number of people realizing the value of immunizing agents in Health protection, we find our health standards steadily increasing and our individual cases of communicable diseases decreasing as shown below:

German Measles	47
Mumps	11
Undulant Fever	1
Scarlet Fever	6
Measles	2
Whooping Cough	1
Suppurative Conjunctivitis	2
Ophthalmia Neonatorum	2
Gonorrhea	2
Syphilis	4
Infantile Paralysis	1
Cerebrospinal Menengitis	1
Typhoid Fever	1

There were 17 cases of Lobar Pneumonia, and also 12 Dog Bite cases reported in Milford in 1936.

### CLINICS

#### Chadwick Clinic:

Report of re-examination of the children in the schools of Milford who are being followed annually by the Chadwick Chest Clinic.

No. of Children recommended for re-examination	153
No. of Children re-examined	142
No. of Children improved	132
No. of Children unimproved	10
No. of Children X-Rayed	139
No. of Children Tested	48
No. of Children Non-reactors	38
No. of Children Reactors	10
No. of Children Discharged from the Clinic	14

No. of Children Recommended for Sanatorium Treatment	2
No. of Children Recommended for Summer Camp	9
No. of Children Referred to Milford Chest Clinic	3

#### County Clinic:

The following is a report on the new County Chest Clinic, which started this year in the schools of Milford for the first time, and is concerned only with the adolescent child. Students from the seventh, ninth, and eleventh grades only are eligible for this Clinic.

Grades:	Public Parochial		
	School 7-9-11	School 7-9-11	Combined Totals
School Population	663	218	881
Children Tuberculin Tested	422	126	548
Children reacting to Test	136	45	181
Children X-Rayed	136	45	181
Childhood Type—T. B. Found	2	3	5
Childhood Type—T. B. Suspects Found	2	0	2

#### Vaccination Clinic:

(Held in Board of Health office on June 12, 1936. Francis H. Lally, M. D., was in charge.)

No. of Children vaccinated	157
----------------------------	-----

#### Diphtheria Immunization Clinic:

(Held in Town Hall, November 13th, 20th, December 4th, 11th.)

This year, the department changed from Toxin Anti-Toxin to a three dose Toxoid preparation, which provides the children with a quicker and more lasting immunity.

No. of Children inoculated	320
No. of Children receiving three injections	274
No. of Children receiving less than three injections	46

This gives us a total of 5234 people in Milford inoculated against diphtheria since the first Clinic in 1930.

#### Milford Consultation Clinic:

It is the aim of our publicity and Health educational service to make the general public "health conscious" regarding Tuberculosis, and the fact that it is preventable and curable.

With this in view, we provide the physicians in Milford and surrounding towns with the Consultation

Chest Clinic, which is held monthly in the Board of Health Rooms. This provides the patient with a chest examination, X-Ray, and diagnosis free of charge.

Dr. Paul Dufault and Dr. Armand LaRoche, from the Rutland State Sanatorium, are the examining physicians, assisted by Helen C. Reilly, R. N., Consultant in Tuberculosis for the State of Massachusetts.

The following is a complete report:

	Feb.	March	April	May	June	July	Aug.	Sept.	Oct.	Nov.	Total

#### **Present Tuberculosis Status In Milford:**

In Tuberculosis, successs in treatment and prevention depends to a large extent upon a sound understanding by the patent of his own disease. Such understanding is seldom attained without thorough sympathetic instruction of the individual over a considerable period of time. Obviously, few physicians can spare the time required for that kind of teaching, and, as a contact agent between doctor and patient, the

Public Health Nurse holds a unique position in the campaign against Tuberculosis.

For this reason, I have made the following graphs, showing the Tuberculosis situation in Milford over the last ten years, illustrating that Tuberculosis has declined, can be controlled and eventually, by intelligent application of Public Health measures, can be completely eradicated.

**Report of Tuberculosis Cases in Milford:**

New Patients reported	13
Pulmonary cases reported	12
Tuberculosis Cervical Adenitis	1
No. of Patients in Sanatorium	16
No. of Patients admitted to Sanatorium this year	11
No. of Patients discharged from Sanatorium this year	10
No. of Deaths from Tuberculosis	7
No. of Adult Pulmonary cases at home	27
No. of Childhood cases at home	50
No. of other forms of Tuberculosis at home	11
No. of Home Visits	270
No. of Conferences with Public Health Consultants	30
No. of Institutes attended	1
No. of Meetings	20

Due to the reorganization of the Milford Hospital, it was necessary to establish a new office with adequate facilities for continuing the Consultation Clinic and the ever increasing demands on the Health Department, and it is gratifying to know that this is our first step towards a unified Public Health Program in Milford.

In closing, may I extend my sincere thanks and appreciation for the cooperation and courtesy extended me by the Town Departments, Insurance Agencies, the local District and School Nurses, and the many volunteer workers who willingly assisted during the many Clinics.

Respectfully submitted,

HELEN M. MURPHY, R. N.,  
Board of Health Nurse

**REPORT OF BOARD OF HEALTH PHYSICIAN**

---

The Health Board nurse, Miss Helen Murphy, has concisely stated most of the interesting facts pertaining to the work of the nurse and physician of the department. The physical examinations, while not as thorough as one could wish, nevertheless are carried out in a manner to discover most of the physical defects, and notice of the same are sent home to parents or guardians. This solicitude for the well-being of all

pupils is not only a part of the Health Board's program, but is supplemented by the teacher in every classroom, for they are keen to notice disease in its incipency, and insist on a physician's certificate before re-entering school. Through such co-operative efforts on the part of the teachers the spread of communicable diseases is kept in abeyance insofar as it is humanly possible.

It is very gratifying to note the improvement in the condition of the teeth of the pupils of the lower grades, and it is to be regretted that the services of the school dentist cannot be extended to the higher grades as well. Some of the reasons for carious teeth other than willful neglect, are malnutrition and family economic conditions. Here again the nurse has her problem to assist the mother with her arrangement of proper diet with her limited means, and urge the necessity of fruit and vegetables and at least a pint of milk daily.

The summer round-up is for the purpose of discovery and correction of defects in the pre-school child, thus enabling them to start their school life in good physical condition. Vaccination, tonsilectomies and toxoid inoculations against diphtheria are accomplished before they enter school. It is worthy of note that Milford has been free from authentic cases of diphtheria since 1930, due to our program of immunization.

**Tuberculosis Clinic.** Our clinic is one of the best, if not the best set-up for a town of 14,000 population. The patients have the services of a specialist from the State Sanatorium and X-Ray facilities for all who require them. Throughout the state there has been a 50% decrease in this disease since the Chadwick ten-year program was adopted.

Milford physicians now have the facilities of the Milford Hospital laboratory for typing their lobar pneumonia cases, and meningococcus serum is available. By this service Milford's mortality rate should be lowered, provided the cases are seen early enough and they are of type I or II. The State Board is now working on serums for Types V, VII, and VIII.

Comparatively speaking, Milford has been in fairly healthful condition the past year, due in part to the prompt reports of disease by physician or household-

er, the check-up by the teachers, and the visits by our school nurses to the homes of absentees. This is the co-operation the law demands, and is the only rational way to preserve a healthful community.

Respectfully submitted,

FRANCIS H. LALLY,  
Health Board Physician

## Report of Park Commissioners for 1936.

---

To the Citizens of the Town of Milford:—

We hereby submit our annual report, with financial report appended, for the year 1936.

This year we carried out two major projects of permanent improvement to the Parks, with the co-operation of the Welfare Department, who furnished the labor, and the Selectmen's Department, who furnished the materials out of W.P.A. material fund. The installation of stream-lined copper water pipes gives us plenty of water for sprinkling tennis courts and the baseball diamond and for the bubbler and comfort station. The twelve-inch drain pipe put in to take the flood water shed off the three new tennis courts directly to the brook is probably the greatest major improvement ever made on the Town Park, from a money-saving standpoint. We can now better maintain the Emmons Street walk and the Ball diamond, because this water will not be tearing them to pieces.

These projects, supervised by our Chairman, proved to us that some provision should be made in our budget for supervision of welfare labor. Our two employees are not supposed to be foremen. When one was necessary, as in this case, the money used to pay him simply curtailed other items in our already small budget.

The walks on the Town Park are not in good condition, but they are supposed to be in good repair according to the standards of certain other officials and a majority of the tax payers.

Bancroft, Calzone and General Draper Parks are maintained this year as well as could be with funds and time at our disposal. Our new power lawn mower saved us considerable time on the grass-cutting item. The curbing and cement sidewalk on the Congress Street side of General Draper Park is a fine improvement contributed by W.P.A.

The wind storm certainly made its visit felt on Town Park. Sixteen trees were uprooted and completed de-

stroyed, eight more were so badly injured that it was decided that it was cheaper and safer from the public standpoint to cut them down, than to try to save them. The Park had been needing some tree trimming for years, so we cleaned up the storm damage and trimmed trees all at the same time.

The work was done under supervision of our chairman and Mr. Robert Gordon. The wood went to worthy families, many of whom were on welfare or W. P.A. lists, with much of the labor furnished free by these people. It is planned to set out young trees in the spring to replace many of these lost.

The storm damage to trees and walks was a tremendous drain on our funds, but the Finance Committee allowed us some emergency money, which helped out in part.

We find, after going through the last two seasons with our five tennis courts, that we need a third man about half time to care for those courts, thus releasing our usual employees to their regular work. It is hoped that we can have the money for this man.

He would be subject to call at all times, and through him, business and professional men and women could reserve a tennis court for a certain hour and know that the younger people, who monopolize them, would be put off, if the court is wanted. As it is, we cannot control this, our men must work during the day and cannot be expected to police the courts evenings. We would save his expense to the Town because less damage would result to the courts under this plan.

The National Youth Project young men were of great help to us for several weeks last summer and fall in the care of Tennis Courts, cleaning the parks and in assisting us with our new improvements.

What is known as the low tennis court is not available for use many days in the season. This is too bad, as it is needed badly. We hope to obtain money this coming year to fill it in and surface it with trap rock dust. This surface is less expensive to maintain and can be played on while still wet after the rain. The opportunity to compare clay and this surface will be a guide in future repairs to the other playing surfaces.

Elm Leaf Beetle, Brown Tail Moth and Gypsy Moth are insects that are each year gaining headway in our

four parks. The Tree Warden has not the money to attend to all the areas infested. If he did, there would still remain the chance of argument as to whether he spent the just proportionate share of his money on the parks. So, we believe it best to have our budget increased, that we might do something about this detail.

### **Playgrounds**

The Commissioners try as far as possible to appoint playground supervisors among the College going young people of the Town. This is a help to their parents and to the students. We have found this provides us with a very able, conscientious and efficient staff.

Much of the old equipment is worn out and we have added new, from time to time, and shall continue to do so until all equipment is safe for the children to use. The new all-steel slide, installed last season, on Town Park, is an example of what we buy.

We feel strongly that the Town should buy, take or lease some vacant land in the neighborhood of our Playgrounds, for boys' ball diamonds. If public spirited citizens would allow use of some land or the Town acquire these areas we would assist the boys in laying out these lots and would furnish supervision of them during the season the playgrounds are open.

We take this opportunity to thank all who in any way assisted us during the past year.

Respectfully submitted,

FRED W. CLARRIDGE,  
PATRICK CARROLL,  
SIMON P. HICKEY,

### FIRE ALARM AND TELEGRAPH

One five-circuit Storage Battery Switchboard, complete with batteries and wiring, thirty-five miles of wire, two turtle gongs—four direct tappers, three indicators, one repeater, one LeBaron Air Whistle and tanks, complete; one Steam Whistle and Machine, one transmitter and equipment, one motor generator and 38 Alarm Boxes, one Barry Sound Signal Equipment.

From January 1, 1936, to December 31, 1936, we answered to 202 alarms—37 general alarms and 165 telephone calls.

The Inhalator was used on 7 calls by the Department and 5 times by doctors and nurses, who called for same.

With the added appropriation of \$450.00 over the previous year's amount of \$350.00, making a total of \$800.00, we installed in our battery room, at the South Main Street Station, adequate equipment to enable us to cut in half one circuit of the fire alarm system that was overloaded, relieving the strain on our batteries and making the system so much easier to handle and locate trouble when it occurred, without leaving a great part of the town unprotected, as had been the situation before, when we had a bad electrical storm. This work was done and completed when the

severe storm, that swept our town, on July 9th, put practically the whole fire alarm system out of order. After working all night we were able to get part of it back in service, thanks to our able wire inspector, Fred M. Daniels, who did noble work that night. When a survey was made the next day it was found the wire was down in a great many cases and a call to our Finance Committee gave us assurance that we could go ahead and make the repairs as soon as possible, which was done. The fire alarm system today, we believe, to be in better condition than it has been for years.

We have changed the location of certain numbers on our fire alarm boxes to help the drivers and men, which will be noted in the listing of Location of Fire Alarm Boxes.

When we found we had some money left in our appropriation we were fortunate in being able to buy four additional fire alarm boxes (second hand), for \$25.00 each, thus saving the town \$100.00 on each box. These can be installed later or used to replace any of the boxes now in service that may become defective. We are asking this year for an added \$150.00 to enable us to instal a siren (which we have on hand), on Main Street, to improve the service and clear the street when a still alarm is received, and the trucks have to travel the length of Main Street.

Insurance of Buildings where actual fires occurred	\$123,600.00
Insurance paid on buildings	35,595.30
Insurance on contents	74,300.00
Insurance paid	24,995.61

The fire that occurred at the Porter Building, on Main Street, added considerably to the amount of the insurance paid on buildings and contents. Had it not been for that, this department would have had a very small amount of loss, favorable we believe with losses of any past years.

This fire hazard has now been partly eliminated, through the demolishing of the upper floors, making it one story.

## BRUSH FIRES

The year just past found our Department facing another very bad situation that had to be met. Due to the flood this Department helped out over a hundred tax payers by offering their men and equipment, day or night, to pump out cellars and wells that had become inundated by flood waters.

We made a number of needed repairs to the equipment and stations, such as a new chimney at the South Main Street Station, new chimney top and repairs to the roof at the North Purchase Station, completed the repairs to the sleeping quarters at South Main Street, installed new transmission gears in Engine I, new drum and brakes on the Ladder Truck and new brakes on Engine III. These repairs were urgent and had to be taken care of in order to keep our equipment in shape to meet any emergency.

We recommend to the voters of Milford, for their consideration, the following:

That we may be given an additional appropriation in the amount of \$6,240.00 to enable us to appoint four additional permanent men, so that we can have a two-platoon system. At the present time the permanent men are forced to work 24 hours per day for six days a week, or one day off in every seven. This, we feel, is a hardship on the men so employed and does not coincide with our idea of efficiency. We hope the voters will look with favor on this recommendation.

We also recommend that the voters consider one Central Fire Station, where all our apparatus can be housed under one roof, thereby cutting down the overhead expense of heating, lighting, and maintaining two separate buildings. We feel that while the government is helping the different communities, with

Federal grants, that something should be done along this line.

We are also asking for a slight increase in our incidental appropriation, to enable us to equip the men with new coats and helmets, which are badly needed. At the present time this Department does not own one helmet for the protection of the men. We have been rather fortunate in not having a serious accident of this kind in the past, and we earnestly request the voters to give this their consideration.

The Board wishes to take this opportunity to thank the Honorable Board of Selectmen, the Police Department, the Highway Department, the Special Officers, the Wire Inspector, the Finance Committee, and the Hopedale Fire Department, for their fine and courteous cooperation throughout the past year.

Respectfully submitted,

WILLIAM L. POWER,

# Report of the Sewerage Commissioners.

To the Citizens of Milford:—

During the year ending December 31, 1936, construction of the second unit of the Imhoff-Trickler sewage treatment works was completed; this construction, together with the routine maintenance of the property of the department forms the basis for this report.

The financial condition of the department is shown in detail by the Town Accountant's report and a description of the new construction is included in the report of the Consulting Engineer printed herewith.

Dosing tank registers have been installed for the new and old plant units and with the calibration of dosing tanks, it is now possible to keep a complete record of the sewage passing through the works.

No additional lateral or main sewer construction was undertaken during the year, but under maintenance the sewer in Depot Street, at the brook crossing near South Main Street, was lowered to prevent continued obstruction of the stream channel. Assessment surveys in Fountain Street were made and a record drawing and assessment warrants were prepared for the work done in 1933.

The total length of sewers is 25.6 miles and there are 1855 house connections in the system.

Respectfully submitted,

FRED L. ROBERTI, Chairman,

## REPORT OF ENGINEER OF THE SEWERAGE COMMISSION

Messrs. Alfred F. Martin  
Ernest E. O'Brien  
Fred L. Roberti

Gentlemen:

Construction of additional sewage treatment works

for which contracts were signed December 14, 1935, has been completed and the works placed in full operation on December 12, 1936.

Considerable difficulty, occasioned by the overflow of the Charles River during the Spring of 1936, when the site was covered with flood waters, resulted in delay of the completion date, this delay, however, had no serious effect except in additional cost to the contractor.

The construction was undertaken as a P.W.A. project and the estimated cost was \$89,815—settlement of final grant payment by the government has not been made, but it has been estimated by us that the total cost will approximate \$85,083.34, of which amount the government is expected to contribute \$32,490.85, which makes the cost to be borne by the Town, \$52,592.49; to cover this payment by the Town \$4,000 was appropriated and a bond issue of \$50,000 was raised. In addition to the funds raised and appropriated by the Town, \$5,000 has accrued to the Town by decision of the court to allow the retention of a \$5,000 check deposited with bid of A. Daddario and forfeited for non-compliance with bidding requirements.

An application to the P.W.A. has been prepared requesting federal government assistance in erection of a steel wire fence to enclose the Imhoff-Trickler plant units and the construction of a plant storehouse and office building.

Very truly yours,

F. A. BARBOUR,

By F. W. HALEY

## REPORT OF LIBRARY TRUSTEES

The Trustees of the Town Library submit the following report for the year 1936:

During the year a vacancy occurred in the personnel of the Board of Trustees, through the resignation of John L. Davoren, who left Milford to accept an important post with the State Board of Education. At a subsequent meeting of the Board of Selectmen and the Board of Library Trustees, John C. Lynch, Jr., was elected to complete the unexpired term. At the election, in March, 1936, two new members of the Board were elected, Mr. David I. Davoren and Mr. William E. Pyne, who took the places of Mr. Lynch and Mr. William K. Coombs, who had been a Trustee for a number of years.

The Board would again call attention to the increases in circulation over 1935 of 103 volumes, and in this connection, feel that it is possible to make a still further increase if adequate funds are provided with which to purchase the necessary books. A reading of the Librarian's report will show that during the year the Board was able to purchase 574 volumes and that on February 24th, 1936, 593 volumes were delivered to patrons. A circulation in one day of more books than the Board was able to purchase in the entire year, even with the closest economy.

To the Citizens and others who have generously presented the Library with books and other interesting tokens the Board extends their sincere thanks, with the hope that this may be an inspiration to others.

The members of the Board are united in the hope that in the near future an adequate appropriation may be secured so that instead of having one of the lowest per capita incomes in the State for towns as large as Milford, we may at least be on a more even footing

with our neighbors and—so serve the public in the manner to which they are entitled.

Attention is called to the financial report, of Fines Collected, amounting to \$258.28, all of which, by law, is not available for the use of the Library, but must be returned to the Town Treasurer. This amount alone would purchase at least 125 new books.

The matter of more new stacks to hold the new books has received the constant attention of your Board, with the hope that ways and means may be formulated to accomplish this result, as these stacks are much needed.

To the Librarian and her staff, the Board extends thanks and appreciation for their continued endeavor to bring our Library up to that high standard in keeping with the best interests of our town.

Respectfully submitted,

CAPT. GILBERT C. EASTMAN,  
Chairman

## REPORT OF THE LIBRARIAN

To the Trustees of the Town Library:  
Gentlemen:

I submit herewith the seventy-eighth annual report of the Library for the year ending December 31, 1936.

### CIRCULATION

The Library was open 304 days, and during that time 77,433 volumes were loaned, a gain of 103 over the circulation of 77,330 in 1935. The circulation by departments was: History, 367 (gain); Biography, 1414 (gain); Politics and Law, 27 (loss); Travel, 1369 (gain); Science 668 (loss); Fiction, 43,728 (loss); Magazines and Miscellaneous, 4,450 (gain); Religion, 118 (gain); Poetry, 708 (gain); Juvenile, 24,576 (loss); Public Documents, 8 (gain).

The largest daily circulation was February 24 with 593 volumes. The smallest daily circulation was July 9—the day of the cyclone—with 32 volumes. The average daily circulation was 254.7 volumes—a loss. The average circulation per capita was 5.1 volumes, a very low average. The per capita income was 36.5 cents, an extremely low per capita income for a library in a town the size of Milford.

Notices sent delinquents, 546. This applies only to first notices. The overdue record book shows that 71 volumes have not been returned by patrons during the year. Patrons registered during the year, 700; total registration, 4,270; Visitors to reading room, 9,679, as against 8,165 last year—a gain of 1,514. Part of this gain is due to the new arrangement with Stacy School as noted elsewhere.

Amount collected for fines and paid to the Town Treasurer, according to State law, \$258.28.

## BOOKS

The Library contains, as per catalogue, 25,913 volumes, as follows:

	Vols. in 1935	Added during year	Vols. in 1936
History	1,290	14	1,304
Biography	1,857	35	1,892

Juvenile	3,783	160	3,943
Public Documents	618	2	620
	25,296	617	25,913

There were 617 volumes added during the year—by purchase, 574; by gift, 43. There are 17 unbound volumes of Patent Office Gazette.

The donors were: State of Massachusetts, 8; Miss Ethelwyn Blake, 5; Mrs. J. D. Sawyer, 2; Miss Essie Thayer, 2; Japan Society, Bernard M. Baruch, Alexander Legge Memorial Committee, Mrs. Alice Griffith, Atlantic Monthly Company, Uxbridge Savings Bank, George N. Peek, Charles H. Weschcke, Citizens' Medical Reference Bureau, Mrs. Harry N. Day, Mrs. G. S. Southworth, Scribners Sons; Chemical Foundation, Miss Abby Young, American Liberty League, Firestone Co., Chrysler Corporation, N. E. Directory, President Charles R. Gay of N. Y. Stock Exchange, Class of 1936, M. H. S.; Rev. Samuel A. Bragg, Miss Helen Heath, Mrs. J. G. Beveridge, Cornhill Publishing Co., Mrs. Lillian E. Wood, Mrs. Maude

Bullard, 1 volume each. Other books received and placed on the shelves for the use of the public, but not catalogued, came from Ernest Bragg, Eurania Lawrence, Kenneth Henderson.

### STACY SCHOOL

Until vacation the same plan for book exchange was used. At the Memorial Day exercises, the following awards for book reports were made by Mrs. Harry S. Chadbourne, a member of the reading committee. The first prize, three dollars, donated by the Principal of Stacy School, was awarded Betty Perkins, for her review of David Copperfield. The second prize, two dollars, donated by the Librarian, was awarded Gail Carter, for her review of Beatrice the Brave. The third prize, one dollar, donated by the Librarian, was awarded Frances Greene, for her review of Treasure Island. Honorable mention was given Isabelle Copper, Audrey Kusman, Mabel Stevens, Rose Ferrelli, Rachel Gubana, Clayton Wilson, Fred Shiffer, Rose Milani, Pauline Bourbeau, John Holmes, Donald McTiernan, Alzira Coelho, Janet Dalrymple.

When school opened, in September, a new plan was formulated. Monday, Wednesday, and Friday, the pupils of two rooms, with their teacher, visit the library and select their own books. Two weeks are required to accommodate the twelve rooms. The Vocational girls exchange their own books, and the Vocational boys send their books to the library and new ones are returned to them. This arrangement proves satisfactory to teachers and pupils and library staff. After the pupils have exchanged their books, they are allowed to use the reading and reference room for the remainder of the period. In this way, the pupils have direct contact with the library, and learn what books are on the shelves, what magazines and reference books are available, what desk work is necessary.

### NOTES

The Trustees purchased several valuable reference works: Encyclopedia Americana in 30 volumes; Who's Who in America, 1936-1937; Wonders of Animal Life, in 4 volumes; American Year Book; Milford and Hopedale Directory, with a fine picture of the Library building; a directory of Milford, dated 1856, claimed to be one of the first town directories.

The usual sets of Polish, Armenian and Italian books were borrowed from the Division of Public Libraries. The adult foreign-born appreciate the privilege of having books in their own language.

The Dictionary of American Biography was completed this year with the twentieth volume. Publication of the important work was begun in 1928; an average of three volumes a year, at a cost of twelve and one-half dollars a volume, was the rule.

Mr. Edward W. Duggan of Hong Kong has sent several packages of stamps from the office of the American Express, to be used in the Library stamp book.

Useful pamphlets have been received from the Kelvinator Corporation on temperature research; the Massachusetts Geodetic Survey on Bench marks in Massachusetts, Bench marks along certain rivers in eastern Massachusetts, Technical procedure for geodetic surveys; Massachusetts Department of Public Health on Sources of pollution of Blackstone River Valley; Public Works Progress Administration on Federal theatre; Department of Public Works on Leveling in Massachusetts.

Owing to serious illness, Mrs. Harriet A. Hunter was absent from work from May until November. In July, in order that the assistants could have their two weeks' vacation, Miss Cecelia Wallace was added to the staff, and she remained until the return of Mrs. Hunter, in November.

## Report of the Inspector of Wires.

---

To the Honorable Board of Selectmen:

I am glad to report that the volume of electrical work has increased considerably the past year, reflecting a better condition of business and increase of building activity.

The installation of oil burners continues the largest single item, especially on the approach of winter.

The installation of signs, mostly of the Neon type, is the most difficult of supervision, inasmuch as most of the work is done by out-of-town parties, some licensed electricians and some not. These latter are sure to do their work and escape, if possible, before they are discovered. It is quite a task to have some of their bad work corrected.

Some of the Carnivals and other lines of temporary entertainment are a problem, as they bring to town a lot of portable equipment, much of it in bad condition and hardly safe to use.

I have endeavored to give to the public some cautionary suggestions in the use of electrical equipment, and wish to thank the Daily News for its co-operation.

One fire has occurred, evidently caused by a breakdown of wire having no protection on account of tampering with the fuses. Two other cases have been credited to electrical causes, but the evidence is far from conclusive.

Conditions found in some residences have convinced me that there is a large amount of amateur wiring in use that in many cases is very dangerous. This is a type of so-called economy that may introduce a very serious hazard to life and property.

Several business blocks and other buildings have had new and adequate services installed to replace overloaded and obsolete equipment to the much greater safety and convenience of the occupants.

On July 9, 1936, a terrific gale and cloud-burst

caused the most damage to poles and wires since the sleet storm, some years ago. For several hours the town was without street lights, outside of the White Way, almost without commercial lights and power, and with only a small fragment of the fire alarm system and a very limited telephone service.

As in the former occasion, the public utility companies deserve very much credit for the quick restoration of service. Both Electric Light and Telephone Companies called to their aid a large number of men and considerable equipment from distant points.

The men in charge of the fire alarm lines worked with equal energy and deserve very much credit.

Practically all the line damage was due to trees uprooted or broken down and many property owners suffered from service wires being torn from their buildings and pipes bent and broken. Much supervision was required for a long period in the restoration of this damage, but as in most such cases, the equipment is now in better shape than formerly.

Some changes have been made in the fire alarm system, including the dividing of one long and overloaded circuit, which have added very much to the safety and security of the fire protection.

Respectfully submitted,

FRED M. DANIELS,  
Inspector of Wires

## Report of the Inspector of Animals.

---

To the Honorable Board of Selectmen:

In rendering this report I am glad to say that the past year has been free from any evidence of disease among the animals coming under the supervision of the Live Stock Disease Control Board of Massachusetts, to which I am accountable, as I am to you gentlemen.

The number of cattle to be examined is steadily growing smaller, there being but 251 head this year, as compared with 268 in 1935.

In the re-tests by the state in this town only 3 head were found to react to the tuberculin tests.

The situation in the case of dogs here is, that, since the number of dogs is greater, the number of cases of dog-bites has increased in proportion. However, there has been no case of actual rabies during the past year. I think this is due in part to the fact that the number of dogs being immunized against rabies is on the increase.

The number of swine examined in the district is about the same as in the past and these, too, have escaped any outbreak of infectious disease.

To repeat what I recommended in my report of last year, I again urge the Honorable Board of Health to take steps to establish local clinics for the immunization of dogs against rabies, to the end that a large proportion of our canine population may be free from fear of that scourge. This may be done at a nominal cost to town and owner.

Respectfully submitted,

DR. B. F. HARTMAN,  
Inspector of Animals

## Town Solicitor's Report.

---

Five of the eight accident suits pending in Court against the Town on January 1, 1936, were settled during the year. One of these accidents happened in 1931, two in 1932 and two in 1935. On January 1, 1937, there were pending in Court six cases, two less than on January 1, 1936, three new accident suits having been commenced in 1936. Six other claims were filed on account of new accidents, on which suit has not yet been begun. Ten claims were settled without suit having been entered. Two claims arising out of forced repairs to the Eastman drain, which the Town is under obligation to repair, were adjusted. The Police Department and Highway Department have furnished valuable aid in investigating all accidents as quickly as they were reported.

In 1936, 272 descriptions of property to be taken for unpaid taxes were prepared at the request of the Tax Collector, as compared with 289 in 1935, 418 in 1934 and 569 in 1933. But 16 titles were actually taken as compared with 25 in 1935, 43 in 1934 and 145 in 1933. Accordingly, it therefore appears that the number of notices of taking has been reduced to about one-half of the 1933 figures, with a much greater decrease in the number of takings when the force of the nation-wide depression was at its peak. Forty-three taxpayers, whose properties had been previously taken, adjusted their accounts with the Town during 1936, and releases or disclaimers were obtained with the approval of the Tax Commissioner.

Fifteen petitions to foreclose tax titles were filed in the Land Court and are now pending; that against the Southern New England Ice Co. being set for trial on February 11, 1937.

Legal work in connection with W.P.A. projects eased up during the year 1936, the Co-ordinator and the local engineering project having taken over most

of that work, so that the Solicitor's connection with it has been mostly in an advisory capacity.

The case of A. Daddario vs. the Town, arising out of bids submitted on the Inmhoff Tank P.W.A. Project at the Sewer Plant, the facts of which are contained in the 1936 Town Report, was appealed by the plaintiff to the Supreme Judicial Court, but was decided in favor of the Town. If the Town had lost the case, the amount of the check, \$5,000.00, would have had to be made up by the Town out of its own funds, the State Engineer of the P.W.A. having ruled that the amount of the check would be deducted from the account.

Litigation which arose as to the status of the Plumbing Inspector resulted in a decision of the Supreme Court in favor of Charles J. Ferrante, the Court decreeing that John E. Higgiston, who held the office since 1915, had forfeited the office by taking a leave of absence beyond the period allowed by law; and the time during which he returned to work was not to be reckoned as breaking the leave.

Continual requests for advice and opinions from the various Town Departments have been complied with, Trustee's answers have been prepared in many cases brought against parties in which the Town has been summoned as Trustee, and attendance has been given before the Emergency Finance Board, the Director of Accounts, and other Federal and State Departments at all hearings in which the Town has an interest.

Respectfully submitted,

WILLIAM A. MURRAY,  
Town Solicitor

MILFORD HIGH SCHOOL ADDITION.

## Resolutions on the Death of JUDGE JOHN C. LYNCH.

---

RESOLVED:—That in the passing of Judge John C. Lynch, for 33 years a member, and for seven years Chairman, of the School Committee of Milford, the home where he was king, the church of his faith and allegiance, the native town he loved, the schools that he worked for, the Bench that he adorned, and the great company of friends who walked Life's highway more joyously because they walked with him, are sorely stricken.

John Charles Lynch bore a name adorned with degrees of worthy winning and classical conferring, but they were not a subject of conversation with him! On the bench he was the merciful justice, at the bar the honorable attorney, the elder brother who remembered the steep paths of his own climbing, on his way to the heights, and had ever the ready hand and the encouraging word for his younger brothers still on the upward path. In the Constitutional Convention he made a record of fairness, fighting for the largest opportunity and protection for all the citizens. As a schoolman he was fair, co-operative,—a good soldier and a strong leader in the long fight for a better opportunity for Milford's youth. Finally, he was a man, fearless and devoid of guile, who loved his kind and was neighborly; with somewhat the artist's eye and the poet's soul, loving the birds and the flowers, and the beauty of growing things.

We extend our deep and tender sympathy to the family.

RESOLVED:—That this tribute be spread upon the records and that a copy be sent to the family.

## Report of the School Committee.

---

In your consideration of the following budget, submitted by your School Committee, I would say that it has been customary to consider the budget item by item. That has been done by your committee this year, and the increase over the amount asked for a year ago is due, in great part, to the increases of the budgets for salaries and books and supplies.

In your consideration of the school costs I would further submit that the net cost of the schools each year is about equal to the item for salaries alone in the gross budget. The annual cost of maintaining the public schools, to the town, is reduced by receipts of the Town Treasurer, not for schools but for general town expenses, and these receipts are considered each year by the Assessors in determining the tax rate; these receipts amount each year to over \$30,000, as, for example, take the figures for the year 1936:—

Expended	\$216,209.73
Received by Town Treasurer	35,316.18

Net cost of schools	\$180,893.55
Salaries for 1936	\$178,940.57

## Report of the Superintendent.

---

To the Honorable School Committee of the Town of  
Milford,

Gentlemen:—

I herewith present my 26th annual report, the 58th of such reports in Milford.

### NEW HIGH SCHOOL OCCUPIED

Educationally the great event of 1936 was the completion and occupation of the new (P.W.A.) High School addition, the unification of the High School Plant, and the removal and re-erection of the two portables on the Oliver Street grounds and consequent end of platoons in that section.

### DEDICATION OF THE NEW HIGH SCHOOL ADDITION

FRIDAY EVENING, AUGUST 7, 1936

Milford's new (P.W.A.) High School addition was formally dedicated in the Auditorium. The audience was somewhat disappointing in numbers, but more than made up this lack by their enthusiasm.

"A well balanced program, featuring the remarks of most of the men who have fought a long and weary battle for adequate school facilities for Milford, served to turn the striking new granite edifice over to the community. Chairman William J. Moore of the school board presided at the ceremonies and introduced a list of speakers representing the fields of education, judiciary, clergy and engineering. All joined in stressing the idealistic aspect of education, symbolized by the handsome, new building, and lauded the work of present and past school committees in making the ideal a reality.

"Music was furnished by the Stacy Junior High School Band under the direction of Ben C. Lancisi."

The stage was well filled with invited guests. After the invocation by Rev. Father J. A. Riordan of St. Mary's Church, the chairman welcomed the guests and

MILFORD HIGH SCHOOL—CLASS OF 1936

thanked all who had made the building a reality. There were appropriate addresses by Mr. William J. Hayes, Chairman of the Board of Selectmen; Andrew H. Peterson, State Director, P. W. A.; Principal Frank C. Berry; Judge William A. Murray, Town Counsel; Judge John E. Swift; Rev. Dr. G. Edgar Wolfe; Hon. P. J. Sullivan, Deputy Commissioner of Education, representing Commissioner James G. Reardon. Robert Allen Cook, Architect, and John Campobasso, Resident Engineer, P. W. A., were recognized and Judge John C. Lynch made a brief address and thanked the committee for giving his name to the auditorium. There were brief addresses by Hon. A. B. Cenedella, Assistant District Attorney and formerly Chairman of the School Committee, and Rev. Father Julius Valentini of the Sacred Heart Church. A pleasant feature of the occasion was a recognition of Charles W. Haley, formerly Superintendent of the Milford schools, and Hon. John T. McLoughlin, an ex-committee man.

The program closed with the singing of "America".

The building was open for inspection during the afternoon and evening.

### PASSING OF JUDGE LYNCH

An event that brought sadness to a wide circle of his friends and acquaintances was the sudden death, last summer, of Hon. John C. Lynch, for 33 years a member, and, succeeding Mr. Stacy, chairman, of the School Committee. This department passed resolutions, signed by the School Committee and the Superintendent of Schools, and sent to the family. (See Page 1).

### HERBERT W. LULL

A word of recognition of the late Herbert W. Lull, who passed away at his home in Newport, R. I., January 8, 1937, is fitting. His old pupils in the Milford High School, from 1880 to 1890, will remember him as a strong leader, a great teacher, and a true friend. Mr. Lull had a long and honorable career in Education, going from Milford to Quincy, where he was Principal of the Quincy High School and then Superintendent of Schools from 1890 to 1900. He was Superintendent of the Newport, R. I., schools from 1900 to 1930, and Superintendent Emeritus until the time of his passing.

Mr. Lull was a great leader in his town, his church and his lodge, and a great friend. Soon after coming to Milford, he began writing a weekly comment column entitled "At Random", using the pen-name "Sci-clus". That was a feature of the weekly Gazette. This he did for an old friend,—as long as the Gazette was published—and because he liked to do it.

### CHANGES IN TEACHERS

#### HIGH SCHOOL—LEFT THE SERVICE

Miss Florence Mainini, an assistant teacher in the High School since 1931, resigned at Thanksgiving to become Mrs. George F. Pyne of Milford.

Miss Florence Snow, an assistant teacher in the High School since 1934, resigned at the close of the school year 1935-1936, to become Mrs. Otis Rose of Milford.

Miss Margaret Rooney, Milford High School, 1930, B. S. in Accounting, Regis College, 1934.

Miss Agnes Crane, St. Mary's High School, 1930, A. B., Emmanuel College, 1934.

#### GRADE SCHOOLS—LEFT THE SERVICE

Miss Rose M. Gagliardi, a teacher in the public schools since 1922, resigned from the Stacy School at the close of the school year 1935-1936 to become Mrs. William Murphy of Washington, D. C.

Miss Mary K. Downey, a teacher of Grade V, South School since 1934, resigned at the end of the school year 1935-1936, to become Mrs. Paul G. Toohey of Kansas City, Mo.

Miss Marion B. Greeley, Principal of the Claffin School, a teacher in the Milford grades since 1923, resigned at Thanksgiving, 1936, to become Mrs. Robert McCabe, of Wellesley, Mass.

Miss Kathryn R. Cooney, teacher of Grade I, West Street School, since 1930, resigned during the summer vacation, 1936, to become Mrs. John B. Dailey, of Woonsocket, R. I.

#### ENTERED THE SERVICE

Mr. Paul Raftery, St. Mary's High School, 1931, A. B., Boston College, 1935, assigned to the Boys' Vocational Class, Stacy School.

Miss Eleanor Arnold, Hopedale High School, 1927, Framingham Normal School, 1929, assigned to the Spruce Street School, Grade III.

Miss Dorothy M. Burns, Milford High School, 1928, Framingham Normal School, 1930, assigned to the atypical class located in the High School.

### GIFTS DURING THE YEAR

In addition to the High School list of gifts acknowledged in Mr. Berry's report and the gift of new machinery acknowledged in Principal Davoren's report (for the Vocational School) the following are hereby gratefully acknowledged:—

George E. Stacy School:—

A framed copy of "A pledge of Allegiance to the Flag" by the Woman's Auxiliary of the Sons of Union Veterans.

Plains Primary School—Grade III, Miss Carron:—

A copy of the DeNevers portrait of President Roosevelt presented by a relative of the artist.

Oliver Street School—Grade IV, Miss Curran:—

A victrola with record cabinet and records, presented by Robert Doheny.

The report of Principal Frank C. Berry follows:

The total membership of Milford High School reached the highest number in September, 1937. Eight hundred eleven students registered during this month. The number of seniors was one hundred sixty in September.

New classes were started in Economics and Biology. One hundred thirty-nine students enrolled in Economics, and eighty-six in Biology. Miss Agnes Crane teaches five classes in Economics, and Mr. Fred A. Metcalf teaches three classes in Biology. To date the equipment in Biology is far below what is needed for high grade work.\*

The new addition was opened in September and classes are now back on their normal schedule. There are seats for all, and each teacher has a room at all times. There are six forty-five minute periods a day, with regular session days by each teacher for students in need of help.

For the first time in many years the entire student

body can be seated at an assembly. The new John C. Lynch auditorium has been a source of much help and pleasure to both students and faculty. It is now possible to allow all to participate in any activity which would be of benefit to them. Using the auditorium as a gymnasium takes away from its possibilities as an assembly hall, but allows a large number of students to participate in basketball which has been installed as an intramural sport. There are more than one hundred fifty boys playing on the sixteen teams which have been organized by Mr. Steeves. The girls, however, are still deprived of an opportunity to participate in a sport of any kind. They should have the privilege of playing basketball, and it is my hope that some plan can be arranged soon to take care of this need.

I would like to emphasize again my recommendation concerning the selection of courses by the students. Any child who shows scholastic ability should prepare himself for future schooling. It is a sad thing to find a boy or girl in the last year suddenly waking up to the fact that the course chosen does not fit him or her for the work planned. Parents should seek advice and help from the school authorities, who are not only willing but anxious to help at all times.

#### THE AMERICAN HISTORY CLUB

The American History Club—an informal group of Seniors studying the subject—at its meetings, the first and third Wednesday of every month, plans to study and discuss more effectively than is possible in class, the vital topics of the day as featured in the Social Studies issue of *Scholastic*, supplemented by other material of cultural interest. Miss Hannah E. Callanan of the faculty is sponsor of this Club.

#### CHRISTMAS PARTY

The first annual school Christmas party was held in the John C. Lynch auditorium. On Monday, December 21, twenty-two Christmas dinners, and three ten-pound turkeys were drawn. Each student was given a number, and the members of the faculty drew the numbers. If some definite way could be arranged so that the winners would be those needing these baskets, this party might develop into a great success. Each basket contained a ten-pound turkey, one peck of po-

tatoes, five pounds of squash, two pounds of sugar, one pound of butter, cranberry jelly, one pound of coffee, one dozen oranges, four pounds of bananas, two loaves of bread, one pound of assorted cookies, one pound of Christmas candy, one pound of mixed nuts, and one bunch of celery.

#### GIFTS

A framed copy of the *Pledge of Allegiance* was presented to the school by the Sons of Union Veterans' Auxiliary.

A book, *Young Folks' Life of Washington*, was presented to the school library by Mrs. Mary and Miss Olie Brown. The book was awarded to the late Horace A. Brown as a special prize at the second Industrial Exhibition at Milford High School in 1885.

Miss Elizabeth Riordan, class of 1926, gave the school two pictures, *The Colosseum at Rome*, and *Ruins of Pompeii*.

#### OAK, LILLY AND IVY

One of the major extra-curricular activities of the Senior year is the publishing of *The Oak, Lily, and Ivy*, the year book of the school. Although intended principally for the Seniors, all of the four classes have a section devoted to them and their activities. The year 1936 marked the fifty-second number of the book, which has been steadily improved since its initial appearance. The last four years particularly have noted a marked change in its layout, purpose, and content.

The activity is supervised by Miss Margaret Pyne, faculty treasurer, Mr. James A. Higgiston, faculty business manager, and Mr. Harold M. Moran, faculty editor. The student editor-in-chief of the 1936 edition was Herbert W. Shaw, Jr., and the business manager was Joseph E. Murray.

#### SCIENCE CLUB

The Science Club holds its regular meetings every third Monday night.

The purpose of the Club is to stimulate interest in the study of Science.

The annual May social will be held during that month.

FRED A. METCALF.

### DAVID GARRICK DRAMATIC CLUB

The David Garrick Dramatic Club holds its regular meetings every third Monday of the month.

The early meetings of the Club are under the direction of student members, giving them a chance to show their interest in various phases of stage work.

The rest of the year is devoted to preparation of plays for Drama Day Contest and public performances. The Club hopes this year to present publicly a group of plays previous to Massachusetts Drama Day, which is April 10, and then give the usual production during Commencement.

SADIE A. O'CONNELL.

### CRITICS' CIRCLE

The Critics' Circle, organized by Mr. Robert Cenedella, will meet Tuesdays to write short stories, essays, poems, book reviews, movie reviews, and news stories of various types. The best of these will be submitted to the *Scholastic* contests. It may be that we shall enter the *Scholastic* news examination contest.

### CURRENT EVENTS CLUB

In October, the Current Events Club was formed by members of the Mediaeval History classes by Miss Marie Cenedella. There are thirty members and three officers: a president, secretary, and treasurer. The Club meets every three weeks.

The object of the Club is to acquaint the pupils with important events which are taking place today, to allow them to have discussions, and to encourage them to read more than the headlines in the newspapers. The topics on which they speak are approved by Miss Cenedella first so that anything which is uninteresting or unimportant is eliminated.

### FORUM

The Forum, recently organized by Miss Gertrude Webber and Miss Dorothy Callahan, meets on the first Wednesday of each month. The membership requirement is that each student attain an average of seventy-five percent in his studies.

The purpose of the Club is to give the students an opportunity to perfect themselves in their speech and to discuss and report on subjects of interest to them.

Many short debates will be held in order to give all members the experience of public speaking.

#### BUSINESS CLUB

The membership of the Business Club is limited to Seniors, Juniors, and Sophomores attaining an average of eighty percent. The Club is organized like a corporation—with a board of directors, etc. Miss Agnes Crane and Miss Margaret Rooney are the sponsors of this Club. They plan to secure outside speakers, make field trips to banks or factories to see how business is actually conducted, and to have a store—a candy counter in the corridor at recess—run like a business enterprise. Later, they plan to have a typewriting contest open to second-year students. A prize will be given to the pupil typing the most words a minute.

#### DANTE CLUB

The Dante Club this year consists of about seventy-five members of the Italian classes who are interested in obtaining knowledge in Italian in addition to classroom work.

During June of 1936, the Club gave its first public performance of plays and sketches in Italian. The Club held its fourth Christmas party this year. The entertainment both in English and Italian helped to maintain the high standard set by this Club in social activities.

Plans for this year consist of discussions and debates in Italian, and a more ambitious program of plays which it is hoped will be put on the stage during May.

The Club activities are under the supervision of Mr. James V. Zurlo of the faculty.

In concluding, I wish to thank the members of the High School faculty, the Superintendent of Schools,—Mr. Caswell, and the members of the School Committee for the co-operation and help given to me during the year passed.

FRANK C. BERRY,  
Principal.

#### MILFORD GENERAL VOCATIONAL SCHOOL

This school has been in operation long enough, now, for Mr. Anastasia, the shop director of the boys, with less than half the room he needs, and worn-out ma-

chinery, to have produced a diversity of practical and artistic products.

We are indebted to the Quinshipaug Woman's Club for the gift of more than \$100 worth of new machinery, comprising a lathe, drill press and jointer, and for these fine gifts the Club has the gratitude of the boys who will benefit, and the sincere thanks of this department.

The report of the director, Mr. Davoren, follows:—

At the outset of the year 1936, the Vocational School continued as previously organized. This was the first year in which the boys as well as the girls were served by this school.

The establishment of this type of school was found necessary because a great many of our children left school, at a very early age, to go to work. A survey of the jobs and fields of industry into which these children went was made by Mr. George Ford, of the State Department of Education. Mr. Ford visited every store, factory, garage, farm, etc., in Milford and vicinity where pupils, who had left school, had found work. He inquired into the nature of work being done by these former pupils. The results of this survey of working places guided us in the selection of types of instruction to be presented to the boys in the Vocational School. Consequently, we now have as part of our course of study the following units of instruction:

Electricity	Blue Printing
Furniture Repairing	Upholstering
Simonizing	Show Card Writing
Painting	Odd Jobbing
Leather Work	Mechanical Drawing
Lamp Shade Making	Paperhanging
Woodwork	Carpentry
	Metal Work

The general objectives of the Boys' School are: first, to develop better citizenship through character building; second, to inculcate and foster the ideals of good workmanship; third, to give a broad overview of the nature of the work inherent in the various trades and jobs mentioned above.

The pupils attend school five full days every week, spending one-half of each day in the shop, under the direction of Mr. Samuel Anastasia, and the other half

in the classroom doing academic and related work, under the guidance of Mr. Paul Raftery.

In the girls' division of the school Miss Beatrice Fleming is the Home Economics teacher and Miss Cecelia Apicella has charge of the academic and related work. Mrs. Mary Naughton conducts classes in Hygiene and First Aid. The Charm Health series of lectures were delivered last year by Mrs. Ruth MacKellar, from the State Department of Health.

An "Open House Day" was sponsored in May of last year by pupils and teachers of both divisions of the school. During the day classes were held as usual and the public was invited to visit the school and become better acquainted with its work. The work which the pupils had completed throughout the year was on exhibition, and a style show was held with the pupils as models. A lunch was served to all visitors.

Plans for expansion of this relatively new phase of education are being considered, and it now appears that the pupils of the ninth and tenth grades will have the opportunity to take advantage of this offering in the near future.

I extend my appreciation and thanks to the members of the School Committee and the Superintendent, Mr. A. O. Caswell, for the fine cooperation they have given me in support of this worthy educational endeavor, the Vocational School, during its infancy.

DAVID I. DAVOREN,  
Director

### CONTINUATION SCHOOL

(Report of the teacher, Miss Beatrice J. Fleming.)

The Continuation school classes began the fall term on September 17th, 1936.

These girls meet once a week for a four-hour period. They take up a general improvement course consisting of household arts, related academic work, home hygiene and care of the sick.

The first group of Continuation school girls that took the Home Hygiene course with Mrs. Mary E. Naughton, school nurse, all passed their test and received a Standard Red Cross Certificate from Washington.

This year they will take up a course in First Aid.

## CO-OPERATING AGENCIES

### 4-H CLUB

New Projects for the 4-H club members, a recreational project for the leaders, better monthly meetings, and a two-day annual exhibit, climaxed by a banquet, are the outstanding innovations in local 4-H club work this year.

However, this year the same two problems had to be faced: lack of junior and senior local leaders, and a meeting place for a boys' 4-H club for handicrafts. As a result, over 40 girls were refused membership and there was no boys' club, although the 24 boys had both tools and a leader.

Nevertheless, 125 4-H club members were led by seventeen junior and senior leaders in the following projects: clothing, foods, homecrafts, Red Cross home hygiene and care of the sick, and the new local projects, music appreciation, news writing, and conservation. In addition, a group of leaders formed a gymnasium and swimming club.

The outstanding monthly meetings were: the Christmas gift meeting, at which Dorothy A. Crandall, assistant county club agent, not only displayed gifts which could be made by 4-H club members, but demonstrated individual wrappings; an instructive and entertaining lecture on the state slogan, "Protect Your Smile", by W. J. Clancy, local dentist; and the showing of motion pictures by Leon O. Marshall, county club agent.

The Heart "H" deeds performed at Christmas time by various clubs of the Busy Bees were: contributions of toys, money, and time spent dressing dolls and rearranging toys for Milford Daily News Toy Chest; money sent to two neighboring hospitals to be used for toys and fruit; and bean bags made to be given to children in the county hospitals.

At the first county-wide leaders' meeting held in Worcester, in December, 12 local junior leaders presented a model business meeting as part of the entertainment.

To climax the year, in order to do justice to the 500 articles made by the club members, the exhibit this year was held in a local vacant store and was open to the public for two days and nights. On the second

night a banquet, over which George L. Farley, state 4-H club leader, presided, was held for the parents of the members. The banquet was prepared by the leaders and served to 220 parents and members.

MRS. ELMER O. ROSE,  
Town Director

### THRIFT SAVINGS

Under the strong leadership of the Milford Savings Bank the school savings for 1936 reached \$10,586.36, two hundred dollars in excess of the previous year's effort.

### PHYSICAL TRAINING

The posture club has been carried on through 1936 with gratifying results. The winning boy and girl in each grade in town were selected and their pictures were inserted in the local paper.

Profiting by the experience gained in 1935 when the baseball team was composed mostly of Sophomores and Juniors, the squad of 1936 established a fine record, with sixteen victories and four losses in the regular season. They won the Midland League pennant again, and tied with Norwood for first place in the newly formed Bay State League. The team's fine record earned it the invitation to represent this section in the State Tourney held at Fenway Park, Boston. Milford defeated Milton's all-scholastic ace pitcher, O'Leary, but was defeated by Somerville's powerful club. With a large part of this fine squad back for 1937, another good season is anticipated.

The 1936 football team played an abbreviated schedule of seven games, as the Norwood game was cancelled because of bad weather. Of these seven games, three were won, one tied, and three lost.

The team showed marked improvement at the end, after injuries had handicapped it greatly in mid-season. Fortunately no one was injured seriously, and with eight letter men returning, a bright season for 1937 seems assured.

With the completion of the new auditorium, a winter program has been introduced for the boys at the High School. A basketball intra-mural league has been formed, comprising sixteen teams with one hundred seventy-five boys participating. Four games are

played daily, and the enthusiasm is keen. Boys who have never had a chance to participate in athletics before are now coming into their own and thoroughly enjoying it.

FRED E. STEEVES,  
Physical Director

## MUSIC

The interest manifested in music during the past year has been most satisfactory. In all grades the usual high degree of co-operation from the teaching staff has played its important part in making music the worth-while subject that it is, both from the cultural and practical points of view. From the primary grades on, through all the grades of the system, pupils have become acquainted with songs chosen for their particular merit.

The usual amount of part singing and technical study has been taken. In the lower grades, of course, the stress has been placed more upon the development of the voice. Pupils are separated into divisions distinctive of vocal range, and as time progresses, they are developed for part singing, which is introduced in the fifth grade and further developed in the Junior High School.

This year, in some of the rooms, a pictorial representation, as well as a historical background, of the songs studied was introduced. It has been one of our chief aims to develop the quality of tone and increase the technical knowledge of music fundamentals.

In the Senior High School songs of universal appeal are taught until such time as final numbers for graduation are selected. When they are determined, intensive work on them begins. The course in Theory and Harmony, part of the High School curriculum, has been continued. Although intended primarily for prospective teachers, it is not restricted to those who intend entering that profession.

An opportunity was presented this year for the students of our schools to put into actual practice what they had been taught along the lines of vocal study, for on November 6, a group of thirty girls rendered in *a cappella* style an enjoyable program at the Worcester County Teachers' Convention held in the Worcester Auditorium. Although much extra work after school

hours was necessary for this, the group enjoys the satisfaction of knowing that its efforts were well and favorably received. On December 18, the group rendered a program of Christmas songs in the John C. Lynch Auditorium of the High School and again did well.

Now that all of the four classes are attending the High School in one session, I hope that a mixed Glee Club of selected voices may be organized, since singing is the most natural and spontaneous form of music.

I wish to thank you and the Committee for your many courtesies during the past year.

HELENA F. SWIFT

### INSTRUMENTAL MUSIC

(Report of Mr. Ben C. Lancisi, Jr., Instructor)

It gives me great pleasure to report the progress of the Instrumental section instituted this year.

In the grammar grades we have a new enrollment of seventy-five pupils in addition to the already organized group of one hundred students.

The new group has started on the theory of music, while the more experienced pupils are studying solfeggio.

The band has taken part in several patriotic observances and has also assisted in the annual concert where they were highly complimented.

The High School orchestra of sixty pieces is progressing along more advanced lines and will take part in various school activities, as well as preparing for their final effort in the spring.

### ART DEPARTMENT

(Report of Miss Dorcas Whipple, Supervisor)

There is every indication that the art department of the High School will in the near future be moved from the teachers' room of the Stacy School to the new art room in the old High School building.

As in no other class the teaching of drawing is all individual work and a pupil may advance as rapidly as his talent and time allows. By specific problems the pupils are taught the basic rules for blocking in a drawing, tests for proportions, how to express light and shade, types of letters and correct spacing and the use of color in such mediums as chalk, water color

and poster paint or the feeling for form by modeling. Block printing and lay-outs for advertisements and magazine covers are problems for the advanced student to conquer.

The drafting division after learning the rules of careful workmanship, good lettering, working drawings, detail drawings, developments, and isometric drawings, advances to the making of plans, front and side elevations of houses and blueprinting.

In the Stacy School the art lessons are of the class room type with the home room teacher supplying the needed help when the supervisor is not present. An art project (an imaginary trip abroad) was most successfully completed in these classes. It correlated with every other subject in the school curriculum. Each room selected a foreign country to visit. After classroom discussion and study, sketches were made of trunks, boats, passports, clothing needed, money used, maps, costumes of the country, types of houses, climate, industries, etc. Songs of the country were sung. One student or several students were given the opportunity to lecture on the material gathered together by the class. Some unusual talent was displayed along this line.

The classes of the girls' vocational school studied costume design and made some very neat and exceptionally good booklets. In May, as part of the second annual open-house day, a style show was conducted with gowns supplied by The Louis Fashion Shoppe and modeled by vocational girls and High School girls.

The study this year is "Home Decoration and Planning".

The classes of the boys' vocational school are studying types of lettering for use in commercial lay-outs and posters.

May I express at this time my appreciation of the help given me by teachers of the Stacy School.

---

The Report of the Assistant Art Supervisor, Miss Margaret Condon, follows:—

Art is an inheritance given to every person and our Public School system recognizes its importance in the curriculum. As people become trained in the fundamental principles of good taste, the community, as a whole, is enriched. Even the industrial field calls on

artists to improve its merchandise, for not only utility but beauty is demanded from the best products.

All children cannot be trained to be finished artists, but, what is more important, every child can be taught to be more observing and to appreciate the importance of the beauty in everyday life. With this in view, our art course includes lessons that will be beneficial in the child's future, such as:— color harmony, design work, illustrating, figure construction, poster work, lettering, and art appreciation.

The boys and girls designed trays, plates, calendars, and toys for Christmas, in addition to making decorations for their class rooms.

One often hears that children in the atypical classes are exceptionally gifted in drawing. From my observation, with the exception of a few children, their work is only average for their age. A few boys would be capable of accomplishing commendable work in the opportunity classes and, given the opportunity, the girls would benefit greatly from lessons in hand work.

## MILFORD TEACHERS' ASSOCIATION

### OFFICERS

President, James A. Higgiston

Vice-President, Margaret M. Scully

Secretary, David I. Davoren

Treasurer, Catherine E. Curtin

Chairman of Executive Comm., Mary H. McDermott

Chairman of Social Comm., Gertrude A. Wallace

As its first enterprise of the 1936 season the Association sponsored a testimonial banquet for Mr. John L. Davoren, upon the occasion of his resignation as Principal of the Stacy Junior High School to accept a position as head of the Teacher Placement Bureau, in the State Department of Education. Among the invited guests were members of the School Committee, officers of the Massachusetts Teachers' Federation and the Commissioner of Education, James A. Reardon.

Upon his retirement as Chairman of the School Committee, Atty. A. B. Cenedella was tendered a testimonial banquet sponsored by the Association.

Monthly meetings were held, at which time business was transacted relative to worthy educational, civic and charitable activities. Outside speakers were heard, and at present arrangements are being com-

pleted for the establishment of a University Extension Course by which teachers will be afforded the opportunity of securing professional knowledge which will be of assistance to them in the ever-changing and constantly improving field of education.

The Association as organized for the school year 1936-37 has the largest enrollment of its twenty-three year existence.

### REPAIRS (Projects).

The largest and most important item of repairs was a W. P. A. project for redecorating the interior of the original High School. This department paid for the materials—\$861.51. The individual bills making up this amount are to be found in the financial report of non-salary budgets. In addition to this, there was the usual over-hauling of various heating plants and emergency items caused by flood and tempest.

### RECOMMENDATIONS

#### EDUCATIONAL

1. (a) (Renewed from last year)  
Modify certain High School courses in the interest of Vocational School pupils.
2. Improvement of the plant (renewed from last year).
  - (a) Regrade Plains District yard.\*
  - (b) Grading the Spruce Street school yard.
  - (c) Stacy School given outside trim and re-decorate inside.

#### LAST YEAR'S RECOMMENDATIONS REALIZED

1. High school portables re-erected at Oliver Street yard.
2. Wiring Chapin Street School building finished.
3. Original section of High School re-decorated inside (W.P.A.).

In conclusion, I thank your committee, as well as my associates in the work, for many evidences of consideration.

ALMORIN O. CASWELL,  
Superintendent of Schools

Milford, Mass., January 16, 1937.

---

N. B. After the above was written, we were glad to learn of a W. P. A. project properly to grade and drain the yard in the Plains district. A large number of men are at work and the project is making splendid progress.

# Report of the School Physicians.

---

Milford, Mass., January 15, 1937

To the School Committee of Milford:

The annual inspection of the school children this year shows a slight improvement in their physical condition over last year. To draw a distinct line between normal and abnormal physical conditions is an impossibility. There is always an important factor of personal equation entering into the problem. For that reason we hesitate to publish figures regarding the number of normal pupils. Those whose condition we regard as satisfactory, we prefer to tabulate under the heading of "those having no notable defects".

Considering the pupils in this light, we find 51% in satisfactory physical condition, or "having no notable defects". This is an improvement over last year's figures of about 5%, which is encouraging, and indicates that more interest is being taken in the children's health, both by their parents and by the public at large.

Under the statutes, school physicians are limited in their activities to detecting physical defects in the pupils, and notifying the parents regarding those defects. The burden of correcting the defects still remains with the parents, and we are pleased to say that the parents are cooperating with the school authorities with results reflected in the increased percentage of well children.

The following tables are presented to show the number and character of physical defects which were found in pupils of the various grades.

## RESULTS OF SCHOOL INSPECTION

The principal health undertakings of the past year were:—

1. The County Clinic held in March, 1936, for the first time, for the discovery and prevention of Childhood Tuberculosis. The Clinic includes only those pupils in the seventh, ninth and eleventh grades. Statistics show that these are the most susceptible age groups. Dr. Hugh S. Edwards and his staff from the West Boylston Sanatorium, skin tested, X-Rayed and examined those in the above grades. These pupils will be examined every year, if necessary, for the remainder of their school life.

2. The Lions Club provided funds for an Eye Clinic for the correction of vision defects.

3. The Dr. Curley Memorial Fund made possible tonsil operations for urgent cases.

4. More children than ever before will be able to take advantage of Sterling Health Camp, through the splendid co-operation of the teachers and pupils. This year over seventy dollars was realized from the Christmas Seal sale in the schools.

5. Twenty-eight girls received Red Cross certificates in Home Hygiene and Care of the Sick.

Respectfully submitted,

*Eleanor Arlene Senter, '36*

O Milford High School, lov'd by us,  
We bid farewell to thee.  
Four happy years we've spent with you,  
And now 'tis time to leave.  
Our teachers all have had their part  
In making mem'ries bright,  
And as we leave this hall tonight,  
We'll conquer with our might.

We face the future, Mother dear,  
With courage and with joy,  
For you've bequeath'd to us the power  
That we'll ne'er destroy.  
The class of nineteen thirty-six  
Bids you a fond adieu,  
And though we may be miles apart,  
We'll try and trust for you.

Tune: *Drink to Me Only With Thine Eyes*  
(Old English Air)

Article 21. To see if the Town will vote to raise and appropriate the sum of Four Hundred Thirty-two dollars (\$432.00) to be used for paying the salary of the

Clerk of the Works on the High School Addition Project No. 4410, or take any action in relation thereto.

Article 22. To see if the Town will vote to raise and appropriate the sum of Eight Hundred Dollars (\$800.00) for taking down, moving, relocating, repairing and re-erecting the two portable school houses now located on the Stacy School lot, or take any action in relation thereto.

Article 23. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) for alterations to be made in the present High School building or take any action in relation thereto.

Article 24. To see if the Town will vote to raise and appropriate the sum of Four Thousand dollars (\$4,000.00) for the purpose of laying out and constructing suitable walks and drives, and to do the necessary grading on approaches to the new High School Addition, or take any action in relation thereto.

Article 25. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Seventy-four dollars and Seventy-six cents (\$974.76) for the purpose of paying the unpaid bills of the School Department, or take any action in relation thereto.

Article 26. To see if the Town will vote to substitute the following vote in lieu of the votes passed under Articles 4 and 5 of the Warrant for the Special Town Meeting held on September 16, 1935, viz:

That there be appropriated the sum of Forty-five Thousand Dollars (\$45,000.00) for the purpose of meeting part of the cost of improving the Cedar Swamp Pond Property, so-called, now owned by the Town and of constructing a dam in said pond, in accordance with plans drawn by the E.R.A. Engineering Department at Boston, Massachusetts, PROVIDED, however, the project therefor is approved by the Works Progress Administration and a sum of money is allotted by it to pay the labor costs necessary to carry out said projects, and provided further that the Selectmen before proceeding with the construction of said projects shall save the Town harmless from and on account of all land damages.

Article 27. To see if the Town will appropriate the sum of Sixty Dollars (\$60.00) to repair and paint the Square Markers for Deceased War Veterans, or take any action in relation thereto.

Article 28. To see if the Town will raise and appropriate a sum of money for the purpose of constructing a sidewalk on Centre Street, sometimes called Beach St. Extension, or take any action in relation to the same.

Article 29. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing a sidewalk on East Street, or take any action in relation to the same.

Article 30. To see if the Town will vote to authorize its Selectmen to sell or lease all its land located in the vicinity of the Lapworth Factory and to execute and deliver proper deeds, or other instruments, therefor, or take any action in relation thereto.

Article 31. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars (\$8,000.00) for the purpose of purchasing the Manguso Property on Main Street next to Calzone Park, or take any action in relation thereto.

And you are hereby directed to serve this Warrant by publishing at least seven days before said meetings an attested copy of this Warrant in the Milford Daily News, a newspaper published and having a general circulation in the Town of Milford, and by posting at least seven days before said meetings, attested copies of this Warrant in five or more public places located in said Milford.

Hereof Fail Not, and make due return of this Warrant with your doings thereon to the Clerk of said Town, at the time of meetings aforesaid.

Given under our hands at Milford this eighteenth day of February A. D. 1936.

### ANNUAL TOWN MEETING, March 9, 1936

#### COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

Milford, Mass., March 9, 1936

At a legal meeting of the inhabitants of the Town of Milford, qualified by law to vote in Town Affairs, held on this ninth day of March A. D. 1936, the said inhabitants proceeded as follows:

The meeting was called to order by John T. McLoughlin, Moderator, at eight o'clock P. M.

The Town Clerk proceeded to read the warrant.

After reading Articles 1 and 2 it was voted to dispense with the reading of the remainder of the Articles of the Warrant.

The Moderator appointed the following committees:

Rule I. To distribute, sort and count ballots. At large, Walter L. Adams, Chairman of Finance Committee, Precinct 1, William H. Casey, Precinct 2, Angelo Barbadoro, Precinct 3, William J. Moore, Precinct 4, Alfred E. Daigle, Precinct 5, Charles W. Gould.

Rule II. To check voting lists.

George W. Billings, Edward J. Burke, Joseph A. Visconti.

The committee on rules checked the list of Town

Meeting Members, and it was found that there were 164 Town Meeting Members present.

Article 1. Voted: To accept the reports of all Town Officers as printed in the Annual Town Reports.

Frank C. Berry presented a report for the War Memorial Committee.

## REPORT OF THE WAR MEMORIAL COMMITTEE

March 9, 1936

At the Town Meeting of December 9, 1935, it was voted that a committee of ten, two from each precinct, be appointed to have charge of establishing a war memorial, and that the Town establish a war memorial in accordance with plans submitted after a competition among Milford designers and architects.

The first meeting was held at the Town Hall, on Wednesday, December 11, at 7:15. At this meeting many questions arose as to the intent of the motion. After general discussion from the members present, it was voted to have the Town Solicitor present at the next meeting to make clear the intent of the motion.

On December 13, 1935, Town Solicitor William A. Murray was present at the meeting and explained the meaning of the motion, made rulings on the type of memorial, the location, and the power of the committee. It was voted to insert a paid advertisement in the local paper asking for bids with complete details and specifications. All bids were to be in by 12:00 noon on December 30, 1935. The committee was not to be responsible for any expense incurred in making these designs.

The committee met on January 4, 1936, to consider the bids submitted, and again on January 6, they met to make a decision. Designs were submitted by Mr. Craig, Cook and Phillips, Slattery, Monti and Rossi, King, and Kerr. The vote taken showed:

7 in favor of Cook and Phillips

1 in favor of King

1 in favor of Monti and Rossi

1 in favor of Kerr.

After this meeting the committee decided that it had done the work requested, and left the rest in the hands of the men who were to check on the award, and see that everything was OK. As it worked out, in some way or other the award has been withheld, and no

progress had been made on the World War Memorial selected.

Respectfully submitted,

FRANK C. BERRY, Secretary

Voted: To receive and accept the report of the War Memorial Committee.

Myron Morey, Secretary of Finance Committee, presented the report of the Committee.

## REPORT OF MILFORD FINANCE COMMISSION ON APPROPRIATIONS FOR 1936

To the Citizens of Milford:

Your Finance Committee have carefully gone over the requests of the various departments and are presenting in this report recommendations which we feel are the maximum which the citizens should be called upon to pay for conducting the business of this Town during 1936.

These recommendations are also liberal enough so that any department,—except for an emergency entirely beyond its control,—should be able to plan their budget, carry on their usual functions and complete the year without any additional appropriations or unpaid bills.

We must also call to your attention the fact that no appropriation in excess of that allowed in the budget of 1933, can be final until it has the written approval of the State Emergency Finance Board.

Each town department rightly feels that their own particular department is very important to the welfare of the entire population and each board feels that more service could be rendered by that department, if it could only get more money appropriated for their functions. They are probably correct in their feeling,—but,—can the taxpayers of Milford afford to pay for more services from any departments? The majority of this board feel that the taxpayers have as much tax load now as the present incomes justify, and really there should be a reduction instead of an increase. Additional fixed charges, due to High School and Sewer Department bond and interest payments, will probably prevent any noticeable reduction.

We have given reasons in explanation of each change of recommendation from that asked for by department

heads, and we hope the voters will carefully consider the cost before advocating any increases.

As a close to this foreword may we again call to your attention a fact which is well known, but sometimes forgotten,—you must pay in cash the money you authorize the departments to spend, and you must pay it in 1936.

Article 2. We recommend that there be raised and appropriated the following amounts.

3,660.53	Election, Registration and Town Meetings	5,000.00	5,000.00
	Town, State and National elections, fall within this year, therefore more money will be needed than in 1935.		
2,968.03	Town Hall	2,800.00	2,800.00
1,100.53	Memorial Hall	1,100.00	1,100.00
—	Blanket Insurance	5,000.00	5,000.00
	This item now includes insurance on all of the town buildings and contents. It will reduce in amount as soon as all policies are fixed so that 1/5 of them renew each year.		

Spent in 1935	Department	Am't asked	Am't Rec'ded
—	Treasurer for Property Fore-closure expenses	500.00	500.00
<b>Protection of Persons and Property</b>			
22,997.27	Police	23,000.00	23,000.00
	Pay of members and usual expense of the department.		
—	Police, New Equipment	833.00	533.00
	A new cruising car is asked. This car is to be arranged that a single stretcher can be carried and thereby save delays in accident cases. The \$533.00 is price quoted plus present cruiser car.		
	The other \$300, which we have not recommended, is a request for the Town to buy all the Police revolvers of a modern and uniform type. We feel that this might be desirable, but is not necessary at this time.		
20.36	Court Fees	75.00	75.00
	This is the usual amount appropriated. Only as much is used as is required.		
410.00	Traffic Signal Maintenance	500.00	500.00
18,525.00	Fire Dept., Pay of Members	18,495.00	18,495.00
4,151.13	Fire Dept., Incidentals	3,500.00	3,500.00
	We feel that this item will not be as expensive this year because of the extra sum spent in 1935.		
307.46	Fire Dept., Incidentals, Repairs to Fire Alarm System	800.00	800.00
	An unusually long alarm loop is to be cut into two circuits in order to make it more efficient.

Spent in 1935	Department	Am't asked	Am't Rec'ded
9,704.25	Worcester County Hospital		
	Construction Assessment	9,655.95	9,655.95
	This item is divided into two parts, viz:		
	Interest charges,	\$3,655.95	
	Assessment,	6,000.00	
7,947.19	Sewer Maintenance	8,000.00	8,000.00
	Sewer Construction	300.00	None
	This is again an expense against the Fountain Street sewer addition of 1933, for which the town appropriated \$900.00 and for which it has already paid \$2,279.90.		

### Highways

20,427.72	Highways, General	21,000.00	21,000.00
	An extra \$500 is added in order to allow some sidewalk repair on streets where old walks are getting dangerous.		
2,951.20	Highways, New Equipment	2,000.00	2,000.00
	This amount may not be used, but with necessary machinery getting ancient, it seems best to be prepared in case of serious machine breakdowns.		
3,499.38	Highways, Oiling	3,500.00	3,500.00
1,500.00	Highways, Chapter 90 Maint'ce	400.00	400.00
21,179.45	Snow Removal	15,000.00	18,000.00
16,737.00	Highways, Street Lights	17,000.00	17,000.00
	Additional light at Spruce and Main Streets adds to 1935 cost.		

### Charities and Soldiers' Benefits

95,007.45	Public Welfare	125,000.00	100,000.00
	It is generally admitted that business is slowly improving and welfare conditions should not be any worse than 1935. With the \$2,080.95 of unpaid bills petitioned for in Article 15, the total welfare cost of 1935 will be \$97,088.40. We therefore feel that the \$100,000. recommended will be ample to take care of this department, unless some change in Federal Relief policies creates an Emergency, which will then have to be taken care of by the voters.		
680.00	State Aid	850.00	850.00
	This is the amount usually appropriated for this item.		

Spent in 1935	Department	Am't asked	Am't Rec'ded
690.00	Military Aid	1,000.00	1,000.00
	This appropriation was \$1200. in 1935.		
18,135.75	Soldiers' Relief	15,000.00	15,000.00

### Schools and Library

206,889.50	Schools	211,750.00	211,750.00
	Teachers, wage increases, one more janitor for the full year, and the heating of another large building, makes up the increase in cost. The committee must make up one week of sessions, below the high school, out of 1936 appropriation.		
	While this year's increase seems justified, we want to call to the attention of the voters the fact that this department has averaged an increase of over \$5,000. per year for the past 30 years.		
5,358.64	Library	4,500.00	4,000.00
		Plus dog tax	

The standard discount for Public Libraries in most books is 25% and we urge the Trustees of this department to avail themselves of the full amount.

### Recreation and Unclassified

2,300.00	Parks	2,600.00	2,300.00
	We feel that this amount is as much as should be spent on this item under 1936 conditions.		
1,719.50	Playgrounds	1,700.00	1,700.00
1,303.54	Town Reports	1,456.28	1,456.28
2,079.05	Compensation and Public Liability Insurance	2,000.00	2,000.00
2,486.63	Damage to Persons and Property	1,000.00	1,000.00
69.00	Flowage Rights, Clark Heirs	69.00	69.00
150.00	Memorial Day, G. A. R.	150.00	200.00
150.00	Memorial Day, A. L.	150.00	150.00
40.00	Memorial Day, S. W. V.	50.00	50.00
150.00	Armistice Day, V. F. W.	150.00	150.00
50.00	Worcester County Ext. Service	50.00	50.00
2,000.00	Police Retirement Fund	1,500.00	1,500.00
10,000.00	Reserve Fund	10,000.00	10,000.00

Placed in the hands of the Finance Commission to meet emergencies. The money will not be used for anything except emergencies (real ones). beyond the control of any department of this town.

### Cemeteries

Spent in 1935	Department	Am't asked	Am't Rec'ded
2,954.16	Cemeteries, Vernon Grove The cost shown for 1935 includes the income from invested funds. The \$2,200. would be in addition to income from these funds.	3,100.00	2,200.00
55.50	Cemeteries; North Purchase The same explanation applies here as to Vernon Grove. Income from invested funds is in addition to appropriation.	50.00	50.00

### Interest and Maturing Debt

13,396.77	Interest Sewer and High School Bonds draw interest this year.	17,000.00	17,000.00
34,000.00	Maturing Debt Appropriate from funds available We pay this year:	42,000.00	38,924.21
	Sewer Bonds	12,000.00	3,065.79
	High School Bonds	10,000.00	
	Emergency Finance Loan	20,000.00

Article 7. Appropriated in the Budget. Pass over.

Article 9. \$25,000. for Tools, Materials, etc. Recommended same as last year.

Article 10. Appropriated in the Budget. Pass over.

Article 11. \$1,850.00 to finish Medway Street. Chapter 90, construction. Recommended provided the State and County participate as usual.

Article 12. \$10,000.00 for Chapter 90 construction on Purchase Street. Recommended provided State and County participate as usual.

Article 13. Appropriated in the Budget. Pass over.

Article 15. An item of unpaid bills. We take no action, as a department which exceeds its appropriation is liable for punishment if the voters wish to take advantage of the law.

Article 16. Pass over. Refer to Welfare Board for Labor and Article 9 for materials.

Article 17. Pass over. Same recommendation as Article 16.

Article 18. \$5,000.00 wanted for purchase of Athletic Field. Pass over. More investigation and more information should be furnished before any funds are

made available. Suggest a special committee to report at next annual meeting.

Article 19. \$2,000.00 wanted to improve Della Street, after accepting. Della Street has only two houses on it. It is a dead end running from Union toward Madden Street and does not have taxable value enough to warrant either acceptance or construction.

Article 20. Repairs, sidewalks, and drains on Union Street. Pass over. We suggest the referring of this work to the Selectmen for W.P.A. project to furnish labor and Article 9 for materials.

Article 21. \$432.00 to pay a Clerk of Works on High School P.W.A. job. Such a Clerk is required. Recommended.

Article 22. \$800.00 asked to move Portable Schools. Recommended.

Article 23. Pass over. \$2,000.00 asked for repairs to old high school. Perhaps could be done under W. P.A. project.

Article 24. Pass over. \$4,000.00 asked for walks and grading around new high school. Seems a good W.P.A. project.

Article 25. Unpaid bills.

Article 26. Cedar Swamp Pond. Favorable action be taken.

Article 27. \$60.00 wanted for painting Markers at squares. Recommended.

Article 28. Pass over. Sidewalk on Beach St. Extension. A possible W.P.A. sidewalk.

Article 29. Pass over. Sidewalk on East Street. Also a possible W.P.A. project.

Article 30. Recommended.

Article 31. Pass over. \$8,000.00 wanted for purchase of Manguso property.

### **ADJOURNED TOWN MEETING, March 11, 1936**

#### **COMMONWEALTH OF MASSACHUSETTS**

Worcester, ss.

Milford, March 11, 1936

In pursuance to a vote passed at the Annual Town Meeting, March 9, 1936, the inhabitants of the Town of Milford, qualified by law to vote in Town Affairs, met in Town Hall on the above date and proceeded as follows:

The meeting was called to order by John T. McLoughlin, Moderator, at eight o'clock P. M.

The roll of Town Meeting Members was checked. There were 131 Town Meeting Members recorded as being present.

The Moderator gave a eulogy on the death of Paul Williams, a Town Meeting Member from Precinct 3, and a Member of the Finance Committee, who died on February 26, 1936.

The following Resolutions were presented to the meeting:

#### RESOLUTIONS

Resolved: That the voters of Milford, in Annual Town Meeting Assembled, have heard with deep regret and profound sorrow of the death of Paul Williams, who was a Town Meeting Member from Precinct 3 and a Member of the Finance Committee.

He was always interested in the commercial and industrial life of the community, and especially active in the promotion and support of amusements for the young.

Resolved: That as a further mark of respect, business of the meeting be suspended and the voters stand with bowed heads as a silent tribute to his memory.

Resolved: That the Clerk be directed to send a copy of these resolutions to the relatives of the deceased.

Voted: That the resolutions be adopted.

Article 16. Voted to pass over the article.

Article 17. Voted to pass over the article.

Article 18. Voted: That the following be named as a special committee to investigate and report at the earliest possible date: The Selectmen, William J. Hayes, John H. Gardella, Lyndhurst A. MacGregor, and William H. Cahill, Philip Cenedella, William Devitto, Anthony Solari, Sumner C. Reynolds, John E. Higgiston, Frank C. Berry, George F. Grayson, Elmer C. Nelson, Patrick H. Lally, William F. Byrne, Charles F. Gillon.

Voted: To pass over the remainder of the article.

Article 19. Voted: To pass over the article.

Article 20. A motion was made to pass over the article and refer to Finance Committee Report relative to referring of this work to the Selectmen for a W. P.A. Project, to furnish labor and Article 9 for materials.

The motion was defeated.

A motion was made to raise and appropriate the sum of Two Thousand dollars (\$2,000.00), for the purpose mentioned in the article.

The motion was defeated.

Voted: To raise and appropriate the sum of One thousand dollars (\$1,000.00), for the purpose of constructing a sidewalk and repairing and draining Union Street.

Voted: To pass over the remainder of the article.

Article 21. Voted: That the Town raise and appropriate the sum of Four hundred thirty-two dollars (\$432.00), to be used for paying the salary of the Clerk of the Works on the High School Addition, Project No. 4410.

Voted: To pass over the remainder of the article.

Article 22. Voted: To raise and appropriate the sum of Eight hundred dollars (\$800.00), for taking down, moving, relocating, repairing, and re-erecting two portable school houses, now located on the Stacy School Lot.

Voted: To pass over the remainder of the article.

Article 23. Voted: To raise and appropriate the sum of Two thousand dollars (\$2,000.00), for alterations to be made in the present High School Building.

Voted: To pass over the remainder of the article.

Article 24. Voted: To pass over the article.

Article 25. Voted: That the Town raise and appropriate the sum of Nine hundred seventy-four dollars and seventy-six cents (\$974.76), for the purpose of paying the unpaid bills of the School Department.

Voted: To pass over the remainder of the article.

Unanimous consent was given to present the following motion:

That the Town Accountant, acting jointly with the Town Treasurer, and Board of Assessors, furnish the Finance Committee an estimate of the Tax rate based on the Finance Committee recommendation for the current year, and the same be incorporated in the Finance Committee report.

Voted: To adopt the motion as a rule of the Representative Town Meeting.

Voted: To reconsider action under Article 11, for the purpose of amendment.

Article 11. Voted: That the Town raise and appropriate the sum of Eighteen hundred fifty dollars (\$1,850.00), for the improvement of Medway Street, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, the work to be done

under the supervision of the Selectmen and the Highway Surveyor, the unemployed not eligible for W.P.A. work or Welfare Aid, to be given the preference in said work.

Voted: To reconsider action under Article 12, for the purpose of amendment.

Article 12. Voted: That the Town raise and appropriate the sum of Ten thousand dollars (\$10,000.00), for the improvement of Purchase Street, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State or County or both for this purpose, the work to be done under the supervision of the Selectmen and Highway Surveyor, the unemployed not eligible for W.P.A. work or Welfare Aid, to be given the preference in said work.

Unanimous consent was given to present the following motion:

That the Selectmen be instructed to report to the District Attorney any department or officials of the department expending in excess of the appropriation for that department.

The motion was defeated.

Article 26. A motion was made that the Town vote to substitute the following vote in lieu of the votes passed under Articles 4 and 5 of the Warrant for the Special Town Meeting held on September 16, 1935, viz:

That there be appropriated the sum of Forty-five thousand dollars (\$45,000.00), for the purpose of meeting part of the cost of improving the Cedar Swamp Pond Property, so-called, now owned by the Town, and of constructing a dam in said pond in accordance with plans drawn by the E.R.A. engineering department at Boston, Massachusetts, and that to meet said appropriation the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow for such period and at such rate of interest as may be determined by the Emergency Finance Board, a sum not to exceed Forty-five thousand dollars (\$45,000.00), and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Chapter 188 of the Acts of 1935, and Amendment thereto PROVIDED. However, the project therefor is approved by the Works Progress Administration and a sum of money is allotted by it to

pay all the labor costs necessary to carry out said projects, and PROVIDED further that the Selectmen before proceeding with the construction of said projects shall save the Town harmless from and on account of all land damages.

It was voted to determine the question by a ballot. A ballot was taken. Result of the ballot:

Yes 84, No 53.

As a two-thirds vote was necessary the motion was defeated.

A motion to adjourn the meeting was defeated.

It was voted that clause three (3) of the rules adopted at the Town Meeting of March 11, 1935, be amended to read as follows:

Rule 3. By a request of a majority of the Members the vote shall be taken by ballot, and the check lists used.

Article 27. Voted: To appropriate the sum of Sixty dollars (\$60.00), to repair and paint the square markers for deceased War Veterans.

Voted: To pass over the remainder of the article.

A motion was made to take up Article 26.

Voted: To adjourn until Monday, March 16, 1936, at eight o'clock P. M.

In pursuance to a vote passed at an adjourned Town Meeting, March 11, 1936, the inhabitants of the Town of Milford, qualified by law to vote in Town Affairs met in the Town Hall on the above date and proceeded as follows:

The meeting was called to order by John T. McLoughlin, Moderator, at 8 o'clock P. M.

The roll of Town Meeting Members was checked, and it was found that there were 159 Town Meeting Members present.

Notice was received from the Members of Precinct 1, that they had chosen Philip Cenedella as a Precinct Member from that Precinct for a term of three years, from March 4, 1935, and Raymond R. Murphy for a term of two years, from March 4, 1935, to dissolve a tie, that existed.

A motion was made to take up Article 26.

It was voted to take up Article 26. Standing vote, yes 84, no 54.

Article 26. It was moved that the Town vote to substitute the following vote in lieu of the votes passed under Articles 4 and 5 of the Warrant for the Special Town Meeting held on September 16, 1935, viz:

That there be appropriated the sum of Forty-five thousand dollars (\$45,000.00), for the purpose of meeting part of the cost of improving the Cedar Swamp Pond Property, so-called, now owned by the Town, and of constructing a dam in said pond in accordance with plans drawn by the E.R.A. engineering department, at Boston, Massachusetts, and that to meet said appropriation the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow for such period and at such rate of interest as may be determined by the Emergency Finance Board, a sum not to exceed Forty-five thousand dollars (\$45,000.00), and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Chapter 188 of the Acts of 1935, and Amendments thereto PROVIDED, However, the project therefor is approved by the Works Progress Administration and a sum of money is allotted by it to pay all the labor costs necessary to carry out said projects, and PROVIDED, further that the Selectmen before proceeding with the construction of said projects shall save the Town harmless from and on account of all land damages.

A standing vote was taken.

Result of the vote—yes—92, no—65.

As a two-thirds vote was necessary, the motion was defeated.

A motion was made to take up Article 2.

Voted: To take up Article 2. Standing vote—yes—99, no—5.

A motion was made that the Town reconsider its action under Article 2, whereby it was voted: That the Town raise and appropriate for Police Department, new equipment Five hundred and thirty-three dollars (\$533.00).

The motion was carried. Voice vote.

A motion was made that the Town raise and appropriate for Police Department new equipment, the sum of Eight hundred thirty-three dollars (\$833.00).

The motion was carried. Voice vote.

Article 2. A motion was made to raise and appropriate the sum of Three hundred dollars (\$300.00), for Sewer Construction.

Voted: To raise and appropriate the sum of Three hundred dollars (\$300.00), for Sewer Construction.

Voted: To pass over the article.

Article 28. Voted: That the Town raise and appropriate the sum of Seven hundred twenty-five dollars (\$725.00), for the purpose of providing materials, tools, team and truck hire necessary to construct a concrete sidewalk on the westerly side of Centre Street, sometimes called Beach Street Extension.

Voice vote.

Voted: To pass over the remainder of the article.

Article 29. Voted that the Town raise and appropriate the sum of Sixteen hundred dollars (\$1,600.00), for the purpose of providing materials, tools, team and truck hire, necessary to construct a concrete sidewalk on the westerly side of East Street, from its intersection, with Beach Street, to the end of East Street.

Voice vote.

Voted: To pass over the remainder of the article.

Article 30. Voted: To authorize the Selectmen to sell or lease all its land located in the vicinity of the Lapworth Factory, and to execute and deliver proper deeds or other instruments therefor.

Voice vote.

Voted: To pass over the remainder of the article.

Article 31. Voted: To pass over the article.

Voted: To dissolve the warrant.

**SPECIAL TOWN MEETING, September 9, 1936****TOWN WARRANT****COMMONWEALTH OF MASSACHUSETTS**

Worcester, ss.

To either Constable of the Town of Milford in said County, Greeting:

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of the Town of Milford qualified by law to vote in Town Affairs, to meet in the Town Hall in said Town on Wednesday, the ninth day of September A. D. 1936, at 8 o'clock in the evening, then and there to act upon the following articles, namely:

Article 1. To hear and act upon the reports of any Committees of said Town.

Article 2. To see if the Town will vote to appropriate the sum of Fifteen thousand (\$15,000.00) dollars from available funds to the account of Materials and Tools that may be purchased, and for trucking and team hire, and for investigation and maintenance expenses that may be incurred in connection with W. P.A. or other governmental projects and adjustments or projects that the Town may undertake with Welfare Labor, or take any action in relation thereto.

Article 3. To see if the Town will vote to appropriate the sum of Thirty-five thousand (\$35,000.00) dollars for use by the Department of Public Welfare, for Public Welfare, including Mother's Aid and Old Age Assistance and to authorize the Town Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made, under the provisions of Chapter 80, Acts of 1936, or take any action in relation to the same.

Article 4. To see if the Town will vote to authorize the Selectmen to accept from the owners thereof, in behalf of the Town, a deed of the following described premises.

First Parcel: Certain tract of land located on the northerly side of Dilla Street in said Milford, being bounded by land now or formerly of Trout Brook Ice & Feed Co., by land now or formerly of the Town of Milford, and by land now or formerly of Thebideau, Johnson, Lucca, Woodworth, Henderson, Trask and Parker, and by said Dilla Street.

Second Parcel: Certain tract of land situated on the southerly side of Dilla Street in said Milford, being bounded by land now or formerly of one Allen, of one Clark, location of the New York, New Haven & Hartford Railroad, other land of Trout Brook Ice & Feed Co., and by said Dilla Street.

All of the above described premises are described in the deed from Trout Brook Ice & Feed Co., to Southern New England Ice Co., dated February 4, 1927, recorded with Worcester District Registry of Deeds, February 26, 1927, in Book 2429, page 501; subject to all rights of way, easements and agreements referred to in said deed; and supposed to contain about 30 acres, or take any action in relation to the same.

And you are hereby directed to serve this warrant by publishing at least seven days before said meeting an attested copy of this warrant, in the Milford Daily News, a newspaper published and having a general circulation in the Town of Milford and by posting at least seven days before said meeting attested copies of this warrant in five or more public places located in said Milford.

Hereof Fail Not and make due return of this warrant with your doings thereon to the Clerk of said Town at the time of meeting aforesaid:

Given under our hands at Milford this 25th day of August A. D. 1936.

### **SPECIAL TOWN MEETING, September 9, 1936**

#### **COMMONWEALTH OF MASSACHUSETTS**

Worcester, ss.

Milford, September 9, 1936

At a legal meeting of the inhabitants of the Town of Milford qualified by law to vote in Town Affairs held this ninth day of September, A. D. 1936, the said inhabitants proceeded as follows:

The meeting was called to order by John T. McLoughlin, Moderator, at eight o'clock P. M.

The Town Clerk read the warrant and the officer's return thereon.

The following resolutions were presented to the meeting.

#### **RESOLUTIONS**

Resolved: That the voters of Milford in Special Town Meeting Assembled, have heard with deep regret and profound sorrow of the death of John F. Ruhan, who was a Town Meeting Member from Precinct 4.

His services as a Fire Department Member, Highway Employee and Town Meeting Member, was comprised of loyalty to duty, manly courage, broadness of sympathies and natural benevolence.

Resolved: That as a further mark of respect, business of the meeting be suspended and the voters stand with bowed heads as a silent tribute to his memory.

Resolved: That the Clerk be directed to send a copy of these resolutions to the relatives of the deceased.

Voted: That the Resolutions be adopted.

## RESOLUTIONS

Resolved: That the voters of Milford in Special Town Meeting Assembled, have heard with deep regret and profound sorrow of the death of William H. Barlow, who was a Town Meeting Member from Precinct 5.

His service as a Member of the Fire Department and Town Meeting Member was noted by his devoted interest, active service and efforts, always for measures for a good municipal government.

Resolved: That as a further mark of respect, business of the meeting be suspended and the voters stand with bowed heads as a silent tribute to his memory.

Resolved: That the Clerk be directed to send a copy of these resolutions to the relatives of the deceased.

Voted: That the Resolutions be adopted.

The Committee on Rules checked the lists of Town Meeting Members and found that there were 115 Town Meeting Members present. This number did not constitute a quorum of Town Meeting Members. The business of the meeting was suspended until a quorum of Town Meeting Members was obtained. The lists of Town Meeting Members were again checked, and it was found that there were 121 Town Meeting Members present, said members constituting a quorum.

Article 1. The Committee appointed by the Town to investigate the matter of purchasing a plot of land to be used as and developed into an enclosed Athletic Field, presented a report through William J. Cahill, Secretary.

Voted: To receive and accept the report and place same on file.

Myron Morey, Secretary of the Finance Committee, presented a report of the Finance Committee.

Milford, Mass., Sept. 9, 1936

Mr. Moderator:

Of the articles in the Warrant your Finance Committee has taken action on article three and recommend that the sum of Twenty Thousand (\$20,000.00) be raised and appropriated for the Department of Public Welfare.

MILFORD FINANCE COMMITTEE,

Walter L. Adams, Chairman

Voted: To receive and accept the report of the Finance Committee.

Article 2. Voted: That the Town appropriate from the Excess and Deficiency Account the sum of Fifteen Thousand (\$15,000.00) Dollars to the appropriation for Purchase of Tools, and Materials and for Trucking and Team Hire and for Investigation and Maintenance Expenses that may be incurred in connection with W. P.A. or other Governmental Projects and adjustments or projects that the Town may undertake with Welfare Labor.

The vote was unanimous.

Voted: To pass over the remainder of the article.

Article 3. A motion was made that the Town appropriate the sum of Twenty-five Thousand (\$25,000.00) dollars for use by the Department of Public Welfare, for Public Welfare including Mother's Aid, and Old Age Assistance and Temporary Aid and Town Infirmary, and to authorize the Town Treasurer, with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made under the provisions of Chapter 80, Acts of 1936.

The motion was amended to Appropriate the sum of Twenty Thousand (\$20,000.00) dollars for the purposes mentioned in the original motion. The amendment was carried, and it was voted: That the Town appropriate the sum of Twenty thousand (\$20,000.00) dollars for use by the Department of Public Welfare for Public Welfare, including Mother's Aid, and Old Age Assistance, and Temporary Aid, and Town Infirmary, and to authorize the Town Treasurer with the approval of the Selectmen, to borrow such sums as may be necessary to meet any appropriation made under the provisions of Chapter 80, Acts of 1936.

Result of the vote: Yes 77, No 27.

Voted: To pass over the remainder of the article.

Article 4. The following motion was made.

That the Board of Selectmen be authorized to accept from the owners thereof, in behalf of the Town, as a voluntary gift a deed of the premises described in a deed from Trout Brook Ice & Feed Company to Southern New England Ice Company, dated February 4, 1927, recorded with Worcester District Deeds, Book 2429, page 501, together with all rights of way, easements, and agreements, and subject to all rights of

flowage, rights of way and easements therein referred to, and described generally as follows:

First Parcel: Certain tract of land located on the northerly side of Dilla Street in said Milford, being bounded by land now or formerly of Trout Brook Ice & Feed Co., by land now or formerly of Thebideau, Johnson, Lucca, Woodworth, Henderson, Trask and Parker, and by said Dilla Street.

Second Parcel: Certain tract of land situated on the southerly side of Dilla Street in said Milford, being bounded by land now or formerly of one Allen, of one Clark, location of the New York, New Haven & Hartford Railroad, other land of Trout Brook Ice & Feed Co., and by said Dilla Street.

PROVIDED, nevertheless, that said premises are otherwise free from all encumbrances.

The motion was defeated; result of the vote: yes 45, no 62.

Voted: To pass over the remainder of the article.

Voted: To dissolve the Warrant.

#### INSPECTORS TO CANVASS AND COUNT VOTES

Name	Sworn by
Robert Billsbury	Precinct Clerk

The cards of instructions, penalty cards, specimen ballots, and copies of Measure to be submitted to the people, received from the Town Clerk, having been duly posted, the Warrant herein before recorded was

read by the Precinct Clerk. The ballot box was examined by the Precinct Officers and found to be empty the register indicated 0000.

The sealed packages received from the Town Clerk, containing the official ballots were opened by the Presiding Election Officers in the presence of the other Precinct Officers, the ballots were delivered by him to the Ballot Clerks.

The Polls were declared open at eight o'clock A. M.

During the voting the ballot box was opened by unanimous consent of the Warden and Clerk four times for the purpose of taking out, sorting, and counting the ballots, first at 1:45 o'clock P. M. when it registered 499, then at 3:45 o'clock P. M. when it registered 700, then at 5:55 o'clock P. M. when it registered 1001, then at the close of the polls 8 o'clock P. M. when it registered 1360. The ballot box register showed three more numbers than the number of ballots cast.

The Inspectors appointed to canvass and count the ballots began their duties at four o'clock P. M.

The polls were declared closed at eight o'clock P. M.

After the closing of the polls the Officers in charge of the voting lists audibly counted and announced the whole number of names checked on the voting lists to be 1357.

The ballots having been sorted and counted by the proper Officers were recorded and declared in open meeting to be as hereinafter set forth. Whole number of ballots cast 1357, twenty-one of the above number of ballots cast being from Absentee Voters.

The ballots cast were sealed in envelopes and placed in a case and sealed. The unused ballots were placed in a case and sealed.

The voting lists used at the ballot box and at the tables were sealed, and the used and unused ballots also sealed were delivered to the Town Clerk as the law requires.

The result of the ballot was announced at 2:45 o'clock A. M., November 4, 1936.

---

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the Town Clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the General Laws of Massachusetts, Chapter 46.

Section 3. Every physician or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation and residence (including the street, number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the name of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk or registrar a notice stating the date and place of birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the Town Clerk stating that any such birth has been duly reported, the Town Treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision

of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required for record relative to such births, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him. Such member or servant refusing to furnish such facts shall be punished by fine of not exceeding ten dollars.

Section 6. Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. Every householder in whose house a death occurs and the oldest next-of-kin of a deceased person in the town where the death occurs shall, within five days thereafter, cause notice thereof to be given to the board of health, or, if the selectmen constitute such board, to the town clerk. The keeper, superintendent or person in charge of a workhouse, house of correction, prison, reformatory, hospital, almshouse or other institution, public or private, which receives inmates from within or without the limits of the town where it is located shall, when a person is received, obtain a record of all the facts which would be required for record in the event of the death of such person, and shall, on or before the fifth day of each month, give notice to the town clerk of every birth and death among the persons under his charge during the preceding month.

Blanks for returns of births and deaths may be obtained at the office of the town clerk.
